Dear Bearcats;

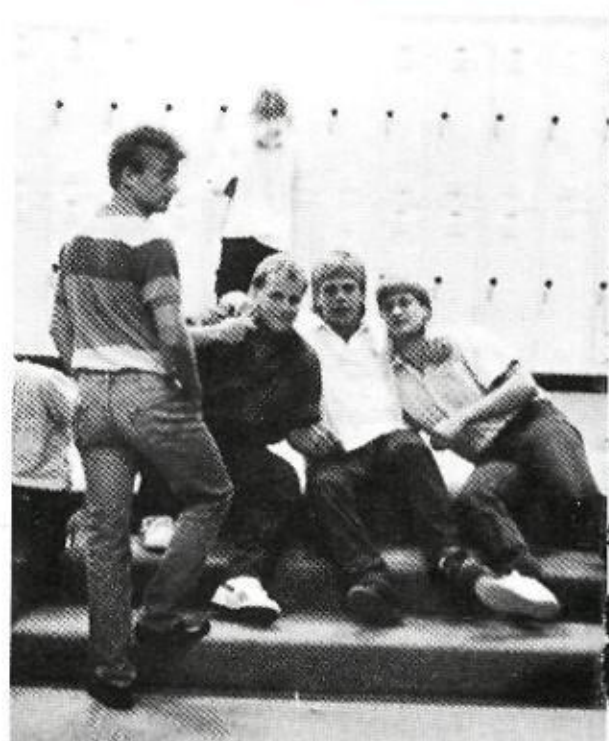

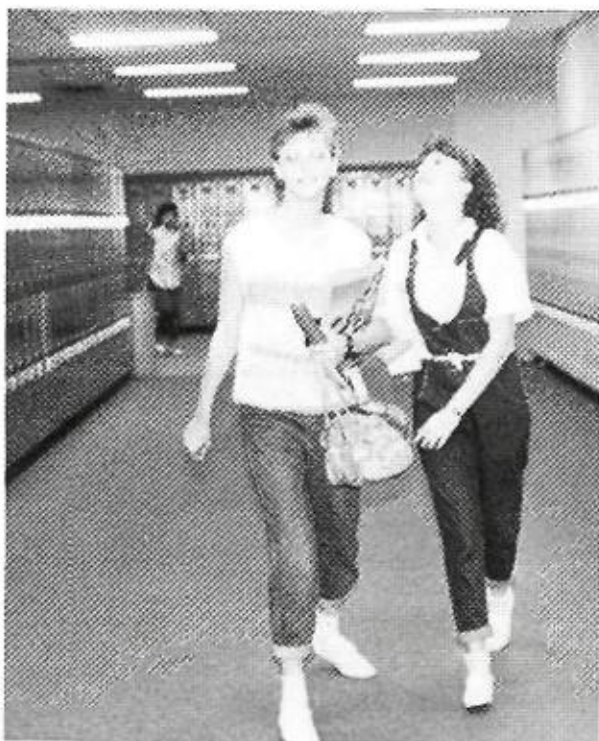

As we travel farther and farther down the highway of life, the memories from the past take on greater meaning for all of us. It's my desire, as you look back on your years at Sherman High School, that the memories will be good ones. I sincerely hope you will feel that you have had a positive experience, that you built lasting friendships, and that you developed character traits that have served you well throughout your life.

It was my pleasure to be your principal this year, and since it was my first year, it will have a special meaning for me as I hope it will for you. Thank you for making 1986-87 a successful school year.

Sincerely,
Tommy Hudspeth

SHERMAN

Letter From The Editors

This is it, the 1987 Athenian! The staff takes great pride in presenting you this book of memories. Each page represents hours of sweat, screams and headaches. More importantly it represents spirit, loyalty and dedication.

As seniors, we have spent four long years at Sherman High. Now all we have is memories to look back on. We hope the 1987 Athenian will be as special to you as it is to us.

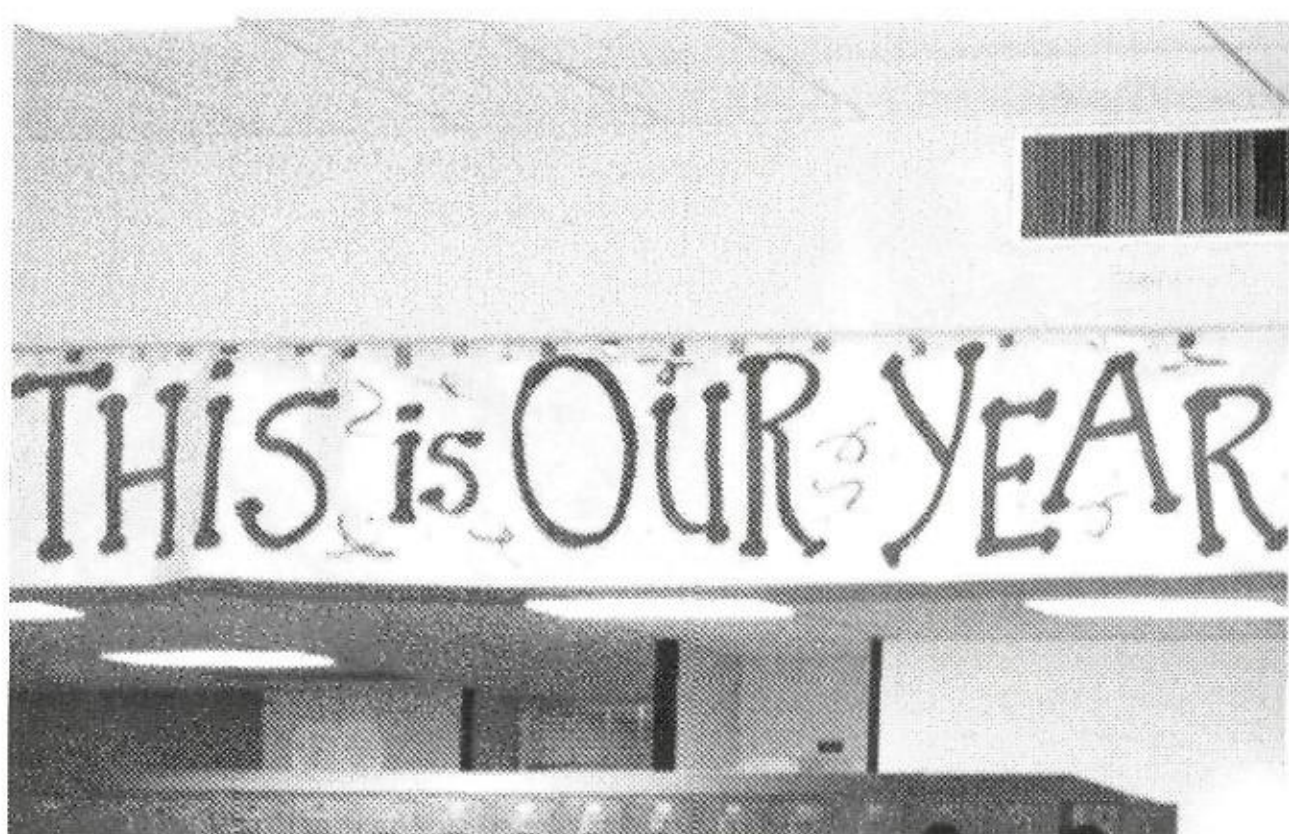

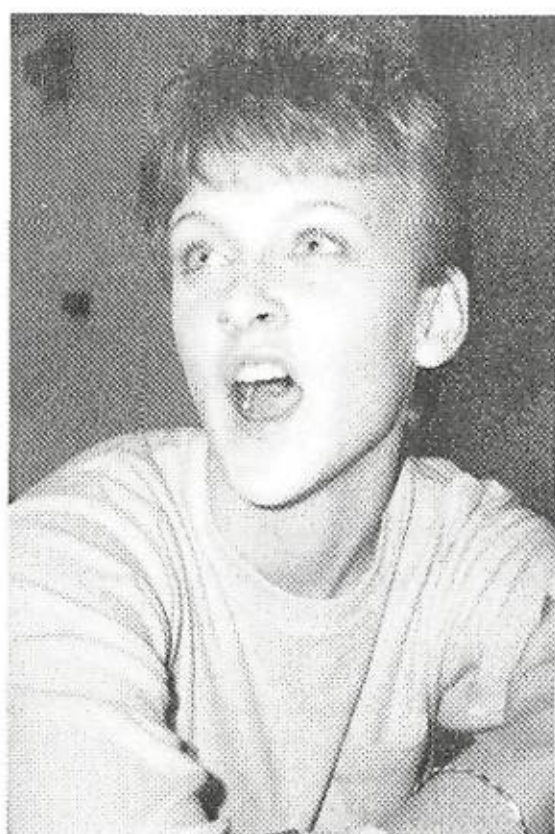

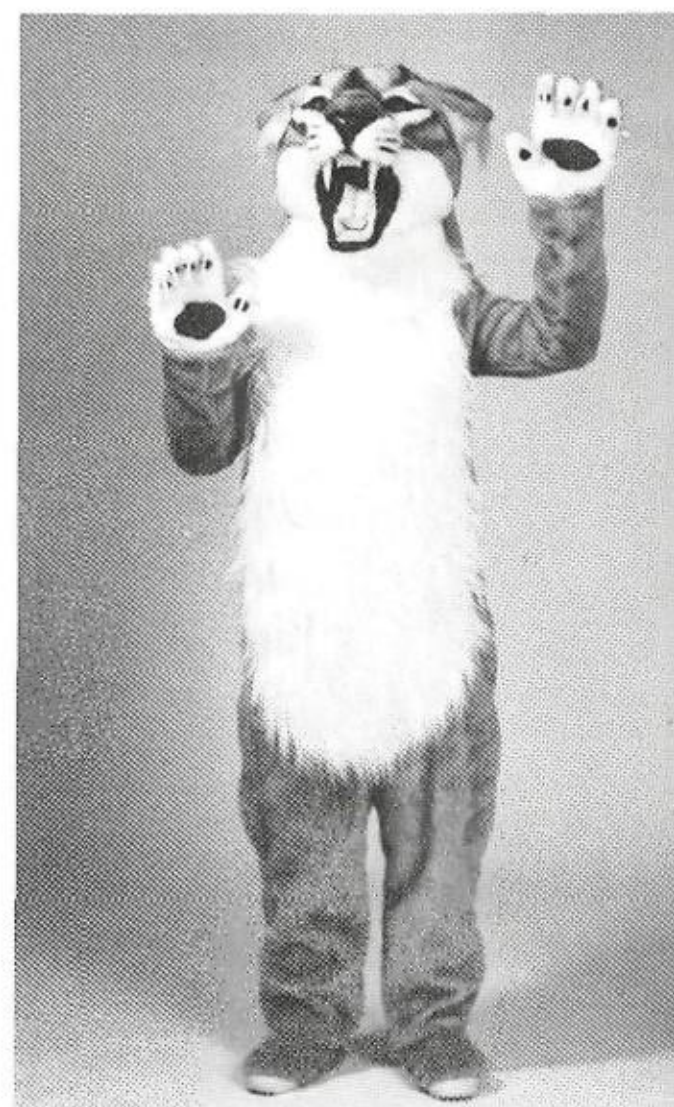

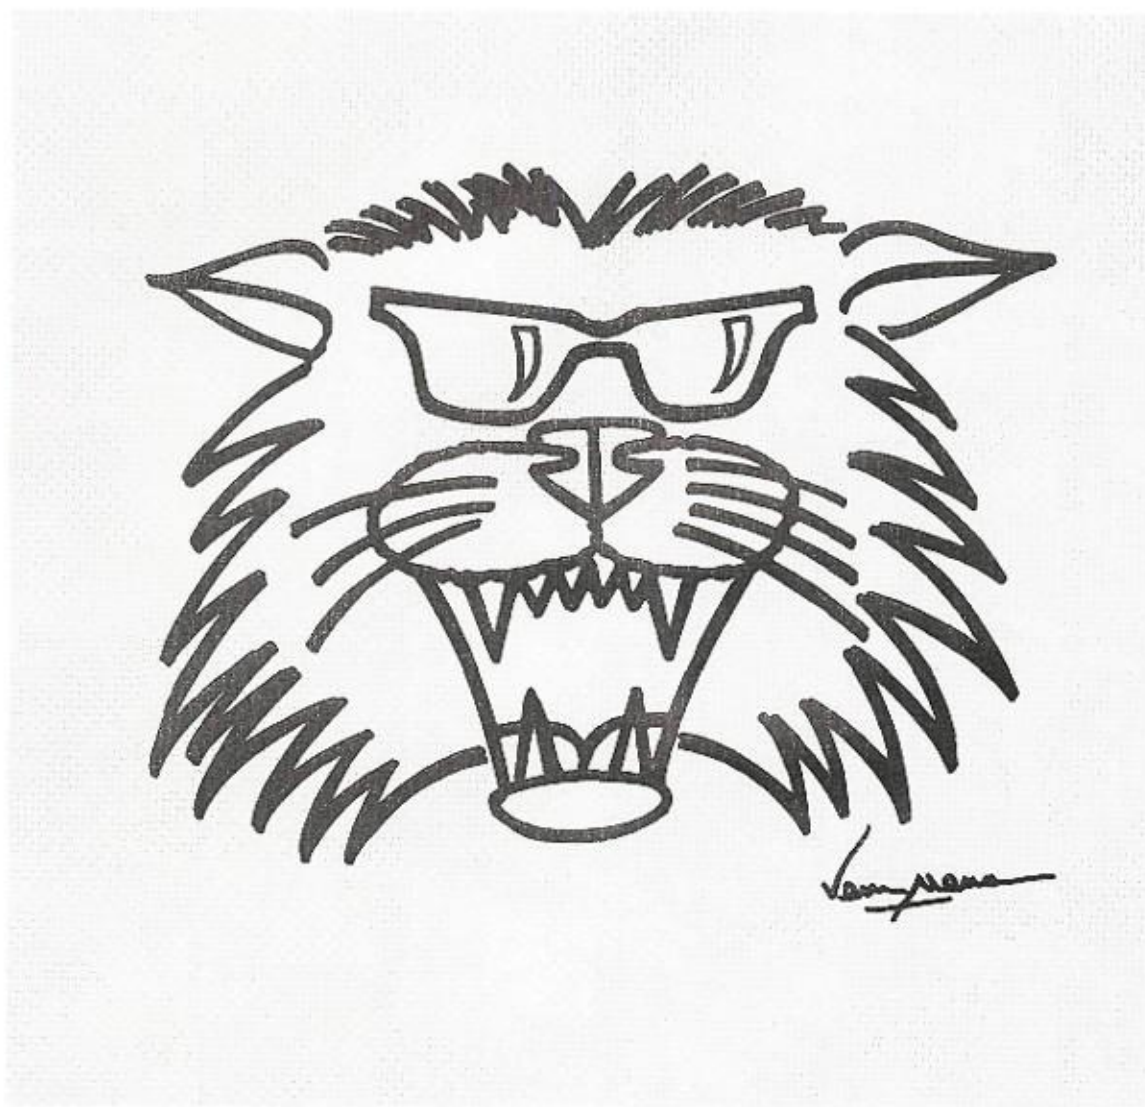

Table Of Contents

The juniors have one last year to make their mark, while the sophomores will look forward to being upperclassmen. We hope that we as seniors have led you in the right direction to make your future years the best. The freshmen, well at least you will not be FISH anymore. Each class is striving to be its own, like no other before. Each class adds its own style, which makes us united, yet individual. A style SHS can celebrate.

BEARCATS

Tommy Hudspeth, principal at Sherman High, was the victim of a well-planned kidnapping. Mr. Hudspeth was sitting in his office when three armed villains entered, demanding that he go silently with

them. He was then masked and led to a car. Mr. Hudspeth, terrified and shaken, was taken to the home of the student-body president, Jean Avar. Mr. Hudspeth was unmasked where he discovered he was at a par-

ty in his honor as the new SHS principal. The villains were forced to eat cake and ice-cream and were released on the promise that the 1986-87 school year would be the best ever.

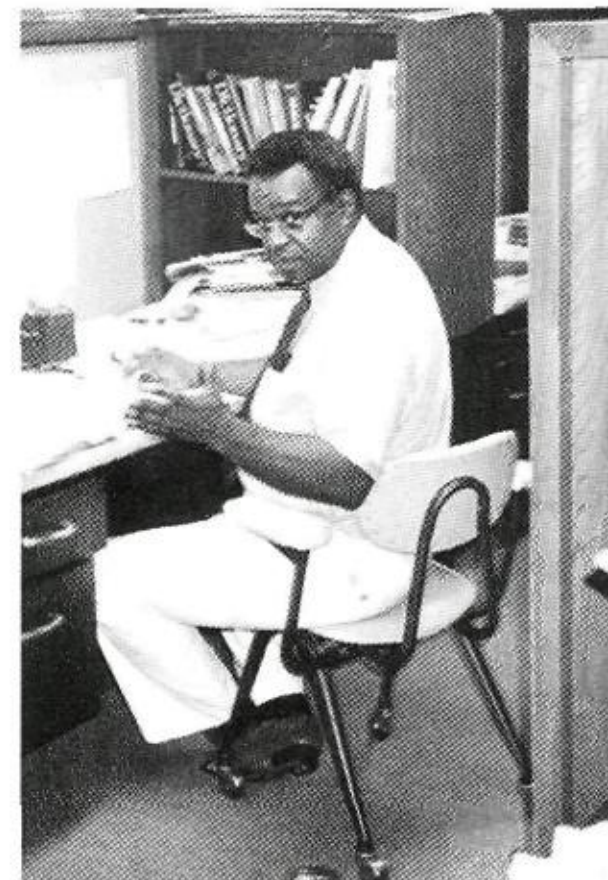

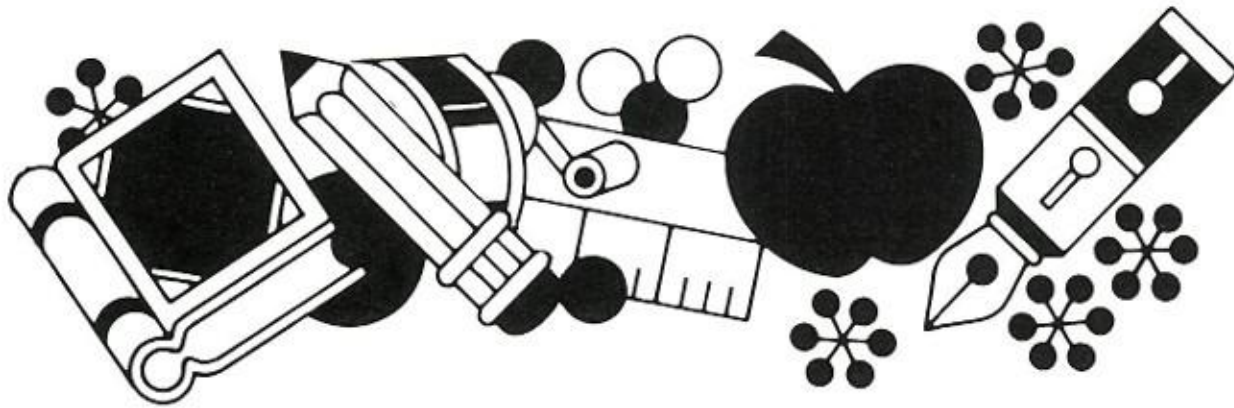

Mr. Hudspeth is led away by kidnappers.

Sophomores Meldy Hayes and Doriann Mackey are you late for class again?

Coach Russell — Out of students and athletes I just ask them to do their best.

Mr. Hudson — Things are great! I believe this will be a year for everyone.

Mr. Pierce — It's gonna be a "Super" year because we have Super kids.

Mr. Stoker — I anticipate higher academic achievement and more student involvement.

Mr. McClure — I'm very optimistic — we have new personnel and new ideas, new philosophies and a new start. With these things plus knowledge gained from past years makes for expectations of only good things to come.

Coach Hunt — We've had the best start this year than in the past 10. The students this year are the best.

School Board Works to Regulate Schools

The School Board is known for diligently working together to regulate school policies. The School Board does not actually run the school system but they have a heavy hand in the district's policy-making procedures. They meet every second Tuesday of the month at 120 West King. The School Board members are: President David Brown, Miller Barber, Dr. Geer McKee, Margaret Grynwald, John Kitrell, Eugene Youree and Welby Pleasant.

SHS Welcomes New Principal

The job of principal at SHS was not a hard one for Mr. Tommy Hudspeth to overcome. Having been a coach at SHS, Mr. Hudspeth was already accustomed to the school and the atmosphere that surrounds it. Mr. Hudspeth showed school leadership throughout the whole school year. The students of SHS would like to thank Mr. Hudspeth for his loyalty and pride.

GOOD FRIENDS TO HAVE

The assistant principals have a very important job. They maintain discipline throughout the school.

Since Sherman High is such a big school, we need more than one principal. We have three assistant principals. They are as follows: Jack Pierce, Bill McClure, and Herman Stoner. Working together with the

head principal, they make our year run smoothly, handling many tough jobs that we can't always handle ourselves as students. Mr. Jack Pierce commented what he enjoyed most about being an assistant principal was "working with the students."

6

A HELPING HAND

At Sherman High School, we are fortunate to have some excellent counselors. A counselor has to be calm, wise, and willing to help, which our counselors are.

Mr. Larry Scott is the ninth and twelfth grade counselor. He helps the freshmen and seniors with schedules and any personal problems they might have. "Getting ready for the first day of school is the hardest part of the job," Mr. Scott stated.

Mrs. Shirley Nichols, is the tenth grade counselor and Mrs. Phyllis Armstrong is the eleventh grade

counselor. They both basically have the same job as Mr. Scott.

Two other counselors of our school are not assigned to one particular grade level. Mr. Jack Anderson is the vocational counselor, he assists students interested in vocational courses in making career choices. Mrs. Jeanne Groff is the special education counselor. She works with students that have special learning problems. Mr. Anderson stated that being a counselor is "the opportunity to help people."

Salute the Secretaries

Although you may not see much of our secretaries, they play an essential part in our daily life here at SHS.

Everytime you heard the bells dismissing us from class, you have the secretaries to thank. Who else could have control of the entire student body through the mere flick of a switch?

Not only do these ladies control

our movement from class to class, but they also help to make our life at SHS less hectic by keeping up with all the paperwork, confusion, and paranoia that the student body causes.

We should appreciate our secretaries for the work they have done. Let's hear it, folks . . . three cheers for our secretaries!!

A Little Applause for Faculty

Faculty ... what words do we have to describe the faculty at SHS? How about overworked, or even underpaid. And if we were to search a little longer, we might come up with adjectives like talented and dedicated.

Whether they be the football coaches or psychology teachers, they are our leaders. Despite entertaining distractions such as TECAT and teacher evaluations, they still managed to be there for us ... just like they always will.

Thank you, SHS faculty. Thank you very much!!!

Seniors

By Missy Hardin

Seniors Celebrate '87!

"Seniors '87 are we, the very best we'll always be. We're true blue and that's the way, #1 we'll always stay." This first verse of our senior saying truly expresses the way the seniors of 1987 feel about SHS. We have spent four grueling and glorious years here, and in that time we have been transformed from fickle adolescents to optimistic young adults. Only now can we appreciate the long hours that teachers, parents, and friends have spent helping us to become worthy of our respective reputation. Individually we may look back on the times we spent

together, knowing that as a class we created memories we will cherish forever. Memories of love, friends, pain and dreams, and those of dances, sports, and homecoming festivities. Memories of the commons (as freshmen and as seniors), crowded halls, and difficult classes. In our senior pep rally, we were loyal to our school as we dressed in maroon and white and held our fingers high as we sang the Alma Mater. We walked with pride not only for who we were, but for what we represented . . . the Sherman Bearcats. Now all the sweat and tears are behind

us and we must leave the security of SHS. It is our time to prove that we will succeed, not only in college, the service, or work, but in life. We have new goals to set and challenges to overcome. Although we bid farewell to SHS and go our separate ways, we will always have in our possession the memories we share. This is where we learned to live and love, and the class of 1987 will look back on these years with fond remembrances.

After her graduation this year, Senior **Missy McAllister** will most be remembered for her talent in music. From the time she was eight Missy has been in some sort of musical event. She was a member of the 9th and 10th grade All-Region Choir her sophomore year. She has also been a member of J.V. Choir, SHS Singers and A Cappella Choir for 2 yrs. Missy intends to continue singing at Texas Tech during the next four years of her career. Thanks Missy! Your wonderful voice brightened a lot of days. May it last forever.

JUNIORS HELP BOOST SPIRIT

This was a year of adaptation for juniors. Although House Bill 72 is two years old now, its effects are still being felt. In October, the juniors had their first crack at the TEAMS test with a large percentage passing on the first try.

Overall, the year was a great one for the class of '88. This was the year spirit returned to SHS and the junior class was there and helped lead the way.

Armed with this new enthusiasm for SHS, the juniors are ready to meet the challenges of next year when the Seniors of '88 will be the big men on the block.

Adam Auten

SOPHOMORES

By Jana Qualls 75

TWO DOWN AND TWO TO GO

Beginning this school year as a sophomore certainly seemed a lot easier than as a freshman in '85. Perhaps part of this is due to the excitement of receiving a driver's license, a more valued place in the commons and the great feeling that you're no longer "the new kid on the block."

Since we've entered high school, our spirit has been present everywhere. We have had outstanding students representing us in scholastic organizations, sports, band, cheerleaders, variety show, student council, and participating in every phase of school life. We can certainly be proud to be a part of our class.

Hail to the sophomore class of '89!

Your Sophomore President
Greg Estes

Freshmen

By Kim Rutherford 87

Our First Look at SHS

At first glance the school looked mesmerizing and scary, but this year has had a lot of memories that we, as a freshman class, will cherish. Remember when we got lost in the halls, not having enough courage to ask an upperclassman where a class was located? How about being the very fortunate to drop your lunch

tray in the cafeteria and being stuck with the name "NERD" for the whole year?

There were also the magnificent pep rallies where we as a class really showed the upperclassmen how spirited we could be and of course, how to jam!!

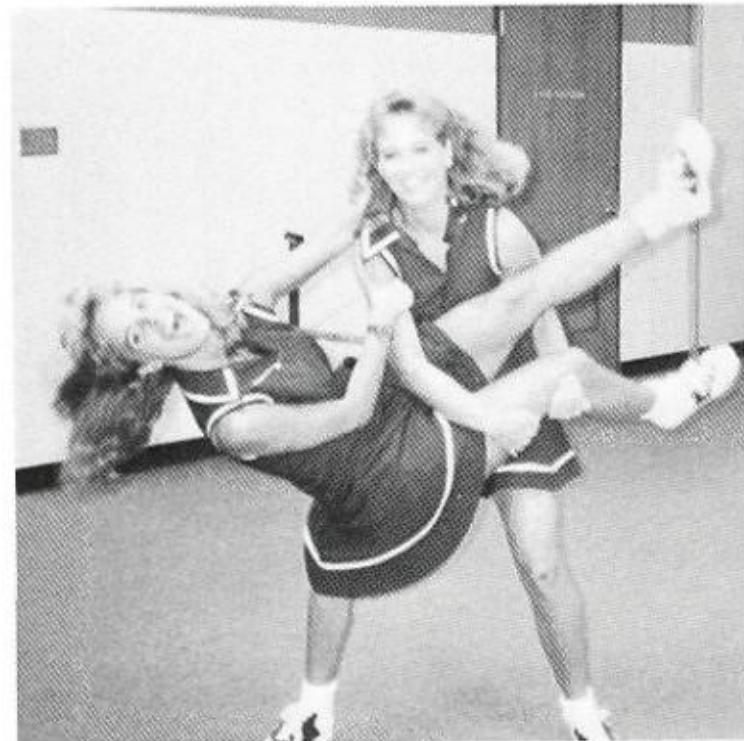

"90," the class with class, has

made it through the first year of four year party at SHS. We still have three more years to go, but hey, look at the bright side, it wasn't as bad as we thought it would be.

Freshman **Larry Barber** was made a member of the Varsity Golf team here at SHS. Larry says he has been playing for a long time and hopes to accomplish his dreams of becoming a professional golfer like his father. Larry says in his next three years he wants to accomplish as much as he can. "These next years at SHS will be fun. I have already made many new friends and have had a great time," commented Barber.

The week of October 27 thru the 31 was filled with last minute manicures, facials, fittings, and hair appointments. This was the week of Homecoming. Thirty-one girls were involved in the activities which included a parade through downtown Sherman and a variety show in which the thirty-one girls were presented to the community. Two days were set aside for voting and the girls were reduced from thirty-one to five. The crowning of the Homecoming Queen was hosted by a Varsity football game between Sherman and Wichita Falls High. During half time everyone anxiously awaited the crowning of the 86-87 Queen. Raquel Olivares was the recipient of the crown and Jeannie Avard was named Lady-in-Waiting. The following Saturday concluded the week of festivities with the Homecoming Dance held at the Municipal Ballroom.

1. "Cracker Rappers" Tim Ives, Shawn Davis, Ed Carter, Jason Welch and Marshall Cathey rap to the Pee Wee Herman with Pee Wee himself, Bret Miler. 2. Michael Gathron and Yolanda White performed a dramatic interpretation of Lisa-Lisa and Cult Jam with Full Force's "All Cried Out." 3. "The Faculty Blue Grass Band" featuring Robert Penhall, Don Sharp, Tom Brott and Duane Gohlke entertained the audience with some good ol, blue-grass music.

Raquel Olivares was nominated as this year's Homecoming Queen. She represented the Auto Mechanics. During her four years at SHS, she has been in many different activities. Some include PASF, NIKE, and Drill Team, where she served as Junior Lt. and Co-Captain. When asked how she felt about being crowned Homecoming Queen, Raquel said, "It all came as a surprise, but I am very glad that I won." After her graduation, Raquel plans to attend school in Spain for a year before transferring to Vanderbilt.

The Start of a Winning Tradition

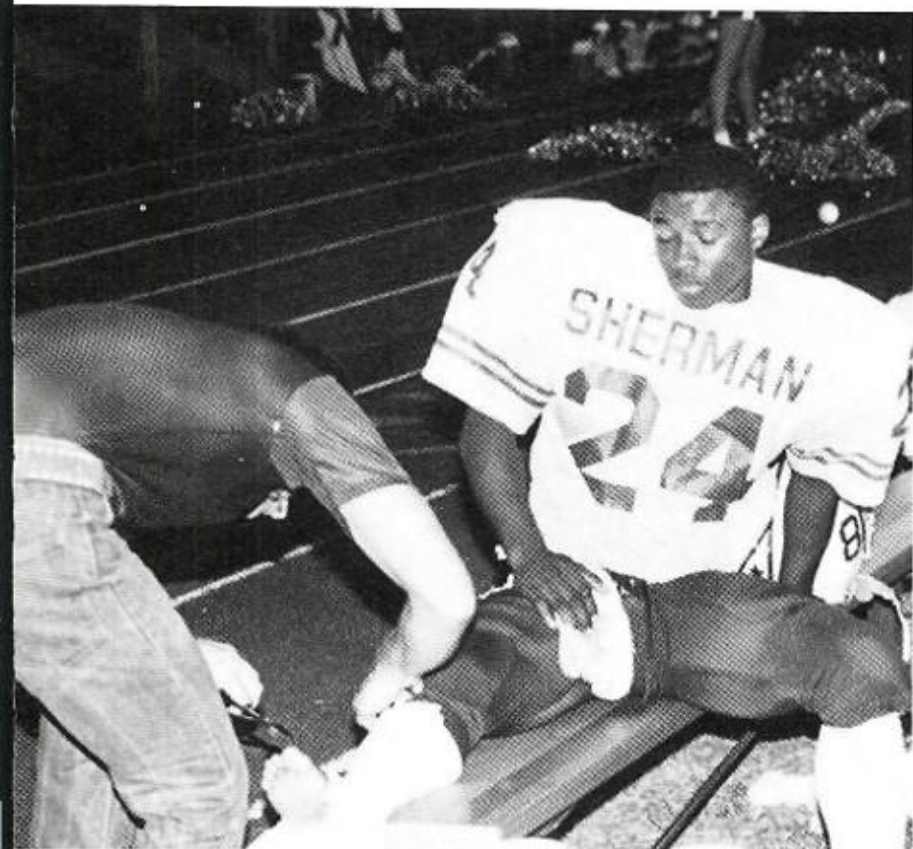

This year's edition of Bearcat football brought the pride back to Sherman High School. The arrival of new head coach, G. A. Moore, was the beginning of a wild and winding rollercoaster ride of a season for the Bearcats.

The season got off to a roaring start with a shutout victory over Gainesville, then the roar was silenced in a disappointing loss to Denison. Just then the "real" Bearcats went on another tear, winning five of their next six games, and they found themselves in the midst of a heated district race. They only bow

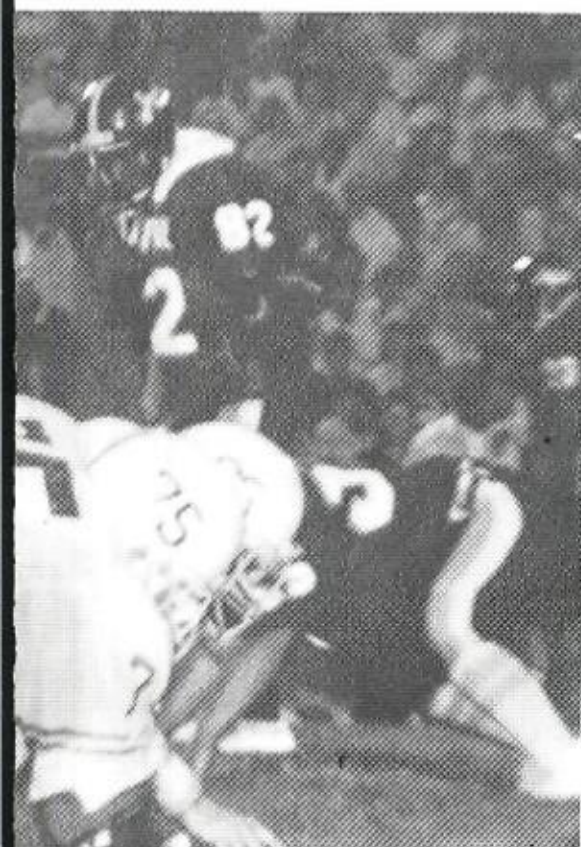

out of the race after losing two hard fought battles to state ranked teams.

The success of the season was due to the winning spirit brought here by our new coach G. A. Moore and his fellow staff members. Of course the players and their willingness to learn and not to ever give up on themselves was an essential factor in their success. After departing the thrilling ride Coach Moore and his fellow troops and staff will be remembered for the season they constructed to restore our pride in SHS.

J.V. Football: Ready for the Limelight

The JV Football reached the peak of success at SHS this past season. Their team spirit, pride and support brought them through to a victorious year. The members of the JV team will be great assets to the Varsity team in years to come. No one person led the team. It was a tremendous effort given by everyone. This was due to the fact that they all

wanted to win. The team was coached by these three wonderful people: Coach Crutsinger, Coach Meredith, and Coach Davis. When asked how they felt about the football season, most team members said that they couldn't wait until next year to continue JV or try out for Varsity.

FRESHMAN FOOTBALL WHITE TEAM RECORD 7-2

Freshman Football: A Fresh Start

This past season of freshman football did not begin with the first game, it instead began in the heat of summer where the increased numbers of players and talent pleased their Head Coach John Miller.

Coach Miller stated, "Physical talent is nice, but it's mental talent that gives you the edge to win games." Coach Miller pinpointed the main

strength of the team to his talented linemen.

Coach Miller said, "During the season we improved the most on our ability to stop the opposing team from running the ball successfully against our defense."

The freshman football players learn the importance of teamwork, which will guide them to future success

in the SHS football program.

"Teamwork is the most important part of the game," according to Coach Miller. "Teamwork is what wins games for you. One person or a few athletes can't carry a team that far."

The combined record for the freshman teams was an impressive 14-5.

What would SHS be without these 3?

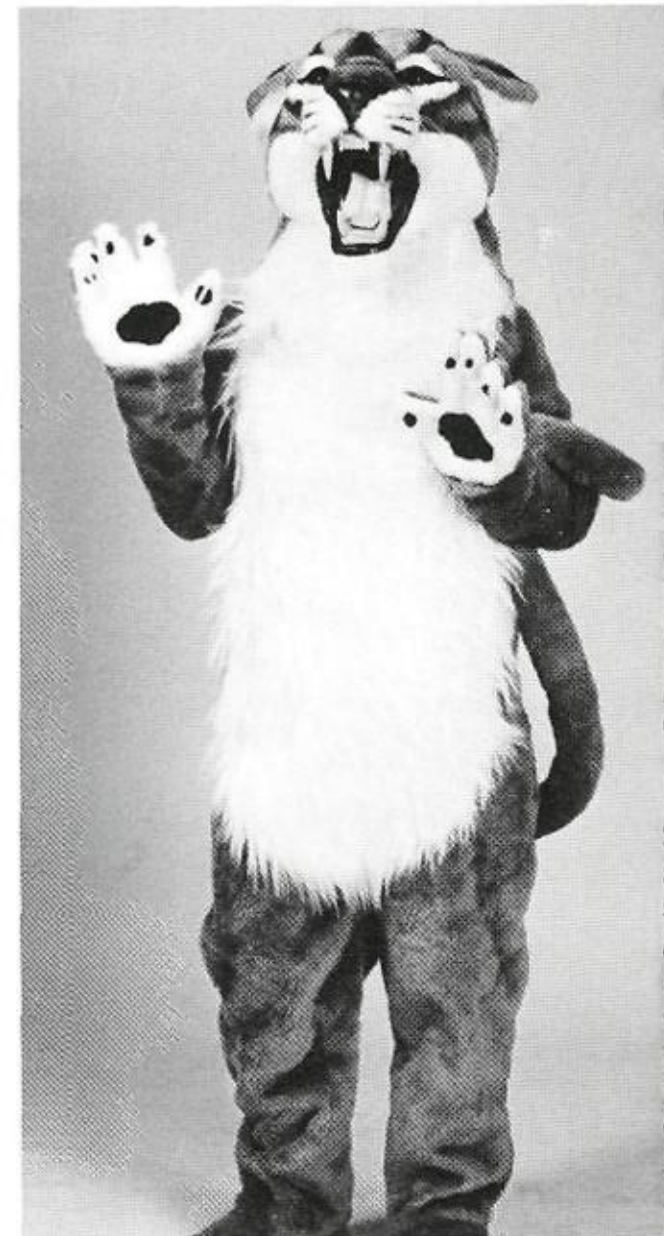

They kick. They scream. They cheer . . . and they did it all for us. It's a tough job, but someone had to do it.

Aside from vigorous practices, they also participated in cheerleading camps and terrifying exhibitions at pep rallies. All of these events lead up to the final, cheery yell matches at the varsity football games. Of course they did us proud.

The varsity cheerleaders of the 1986/87 school year were: *Varsity Cheerleaders* Missy McAllister, Lyndy Anderson, Cindy Campbell, Hillary Green, Kris Friend, Cary Gillespie, Michele Matlock, Tiniya Anderson, Sue Webb, Michelle Hagy. The *Billy Bob Boys* were: David Sooter, Jeff Fryhover, Pat Kinder, Cameron Graber, Alan Kirby, and Dale Marable. The mascot was Robin Goodpastor.

Well, then yell you Bearcats, yell! Every week the cheerleaders are featured in the Pep Rallies, always wanting the fans to yell to the Bearcat Spellout.

Excitement at SHS

The Junior Varsity cheerleaders were an exciting group of girls. They had lots of spirit and great talent. Their goal was to support the J.V. sports programs.

Mrs. Jane Andrajack Johnson, the sponsor of the group, said her favorite part of being a sponsor was "working with the girls."

Mrs. Johnson took them to in-town football games and one out-of-town game. She made sure they attended home basketball games and she supervised their practices.

Some extra things the cheerleaders did were sell ribbons, help the Spirit Committee with signs, as well as ride in the Homecoming parade. The most exciting thing for the J.V. cheerleaders were try-outs for Varsity cheerleader.

Katie Watson, one of the J.V. cheerleaders, said, "Cheerleading is exciting and fun. All the J.V. cheerleaders are neat people and we all get along together really well."

The 1986-87 Freshman Cheerleaders backed the football, volleyball, and basketball teams throughout their winning season. They showed they were not afraid to make a little noise, shout a little louder, jump a little higher, or smile a little wider. The cheerleaders were instructed by Mrs. Susan Beree. The squad members were: Page Kelley, Carol Young, Lisa Tuggle, Jill Piland, Erica Brakebill, Ashlynn Russey, Penny Clark and Kathleen Martin. Mrs. Beree had this to say about the cheerleaders: "The 'Fish' cheerleaders were loud and proud; they had lots of spirit: You could hear it; for the super class of '90.' "

Alive and Kickin'

The Band marches off the field to the fight song. A whistle blows. A cadence starts and out marches the drill team. The crowd goes wild wondering what spectacular and death defying feats they will perform for them tonight.

But how did these girls prepare for this display of talent and ability? How many hours must it have taken for them to prepare? Well search no longer for the answers to these questions.

The drill team is a group of hard working girls who sacrifice a lot of their spare time. Not only do they perform at football games, but at pep rallies and at the "Spring Show" where drill team members do lots of dances to upbeat popular tunes. They also attend many workshops throughout the year and sacrifice a week from their summer so they learn their routines for Friday night performances.

Lady Bearcats: Set for Success

The Lady Bearcats have made much progress to bring them to where they are now. The success of the past season was due to many things, but their hard work and hitting power were standouts among the team's many talents. In the heat of battle, the Lady Bearcats excelled at being in control of the ball and

handling the pressures of performing, and doing it all as a team.

When asked if the winning was important to the team, Coach Maine answered by saying, "Our winning wasn't the most important thing. Playing perfect games was the most important."

J.V. Volleyball Has a Super Year

The goal for our super J.V. Volleyball team was to maintain their winning season. The lady Bearcats learned to play more as a team and work together this year. Led by Coach Plunkett, the team strived for an attitude of unity.

Coach Plunkett said, "Coach Maine helped a lot. She showed them more strategies and made a lot of changes that had positive effects."

Coach Plunkett felt that Sophomore Karen Emeary was the most consistent in serves and was awarded a trophy for making the All Tournament Team of Greenville.

Freshman Volleyball Proves Its Worth

What kind of team has 18 fish and is maroon and white all over?

The Freshman Volleyball Team, of course!

The Freshman girls have had an outstanding season this year. They've played some difficult schools and have done well, and have improved tremendously in every aspect of their playing.

The area in which they improved most was in being able to communicate with one another. Communication is a big factor in any team and helps to improve teamwork and a positive spirit. The freshman have come a

long way in communicating with one another on the court.

The freshman volleyball team is made up of a group of hard working girls. Hours before and after school for workouts and practice have all paid off. The freshman have improved their hitting and spiking and have become more an organized team.

In his second year of coaching the freshman volleyball team, Coach Aleman admits that coaching girls is a lot different from coaching boys, but this has had little effect on his coaching ability.

BMW: The Force Within

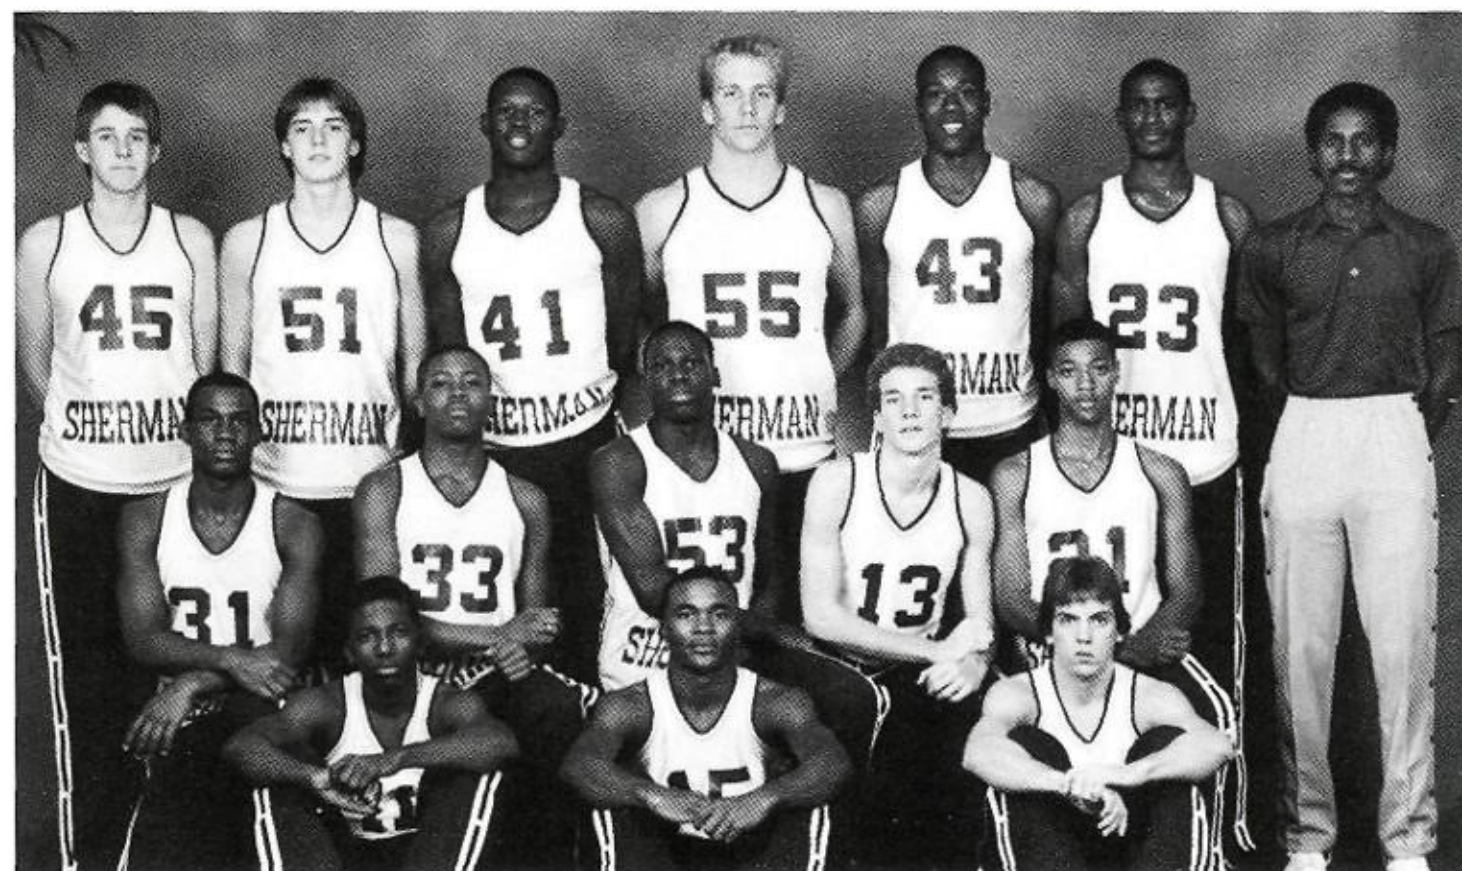

How does it feel to be a Bearcat? How does it feel to be up so high? "It feels great," said Earl McKinney a fortunate member of BMW.

For those of you who are not familiar with BMW, you have apparently missed out on the last year of your life. BMW was a name given to three outstanding players: Jason Burleson, Earl McKinney and Byron Whitfield. These three guys were leading scorers at every game and kept the fans on their feet and the opposing teams on their seats.

The Bearcats had a great season this year; they clinched the District title with a record of 14-0 (the first time since 1973). "The Pride Is Back!" The players fought long and hard for their new found success.

Kevin Pruitt feels that the success was not only due to the hard workouts, but also to the fact that the team was one big happy family and they all got along well together.

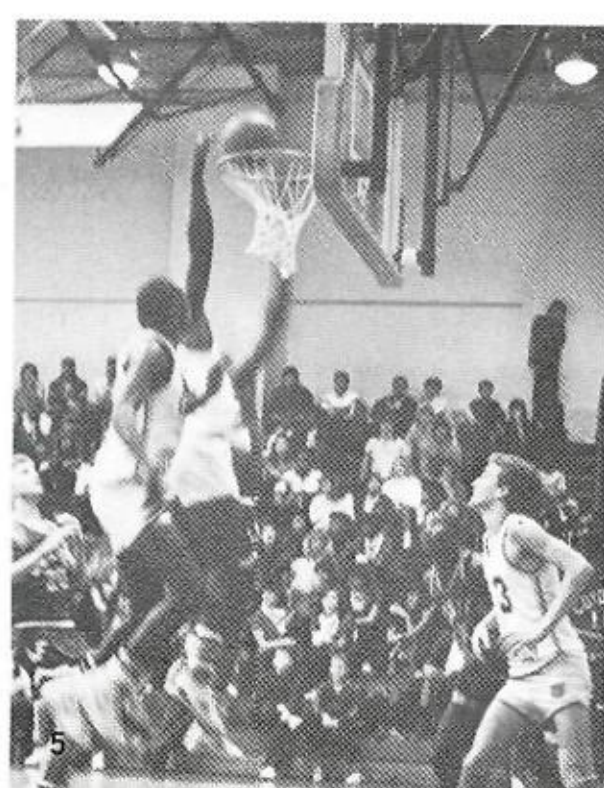

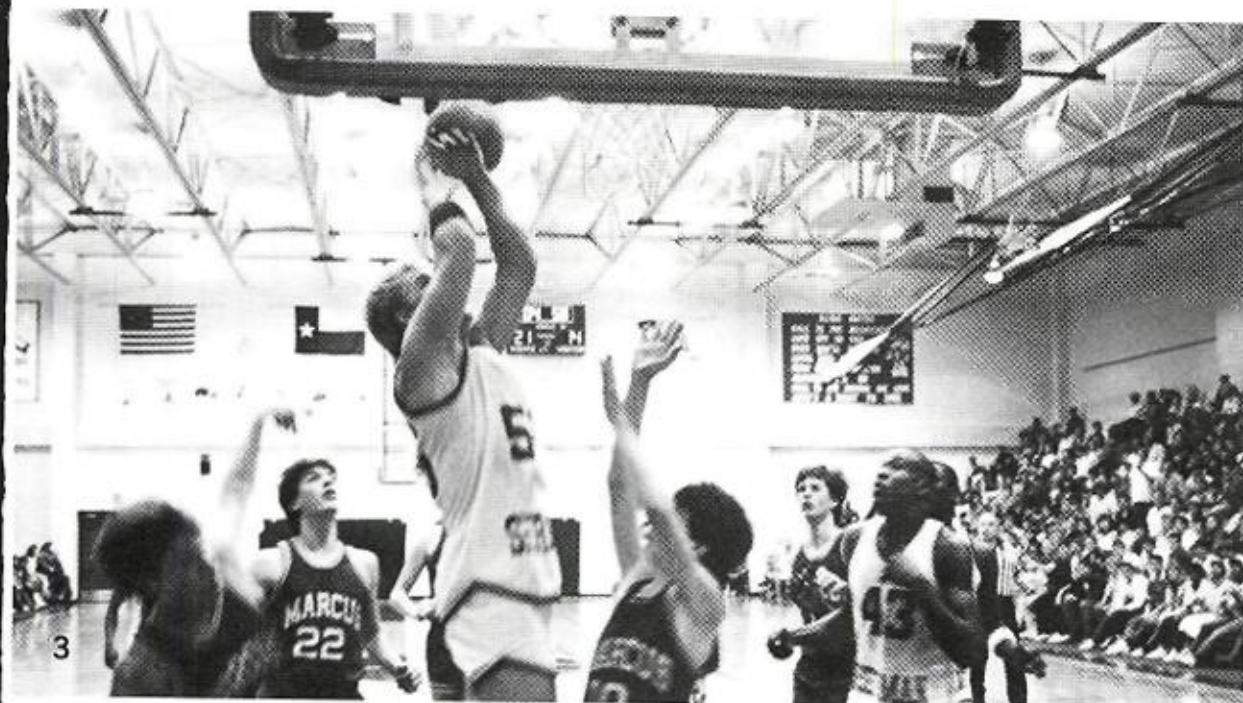

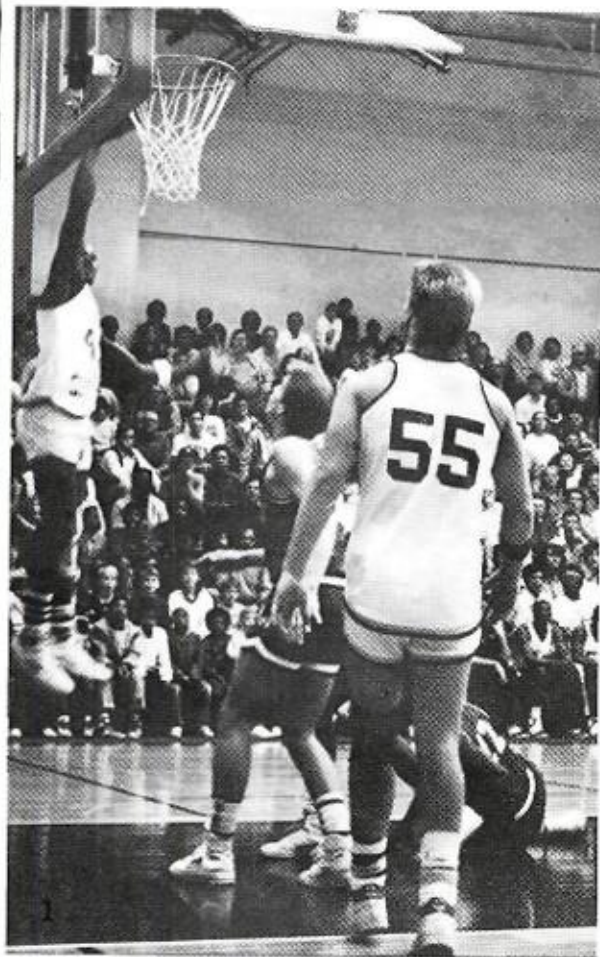

The Bearcat team had a troop of loyal fans to back them up. As the season progressed the number in the stands began to increase. By the time of the Sherman/Denton game held at the Superpit, the Sherman fans outnumbered the home team by a couple of thousand viewers. Due to the tremendous support of the fans the Bearcats had every reason to win District and gain a place in the playoffs. Kevin also added that "Nobody had their eyes on just one player; we were all one team. We won together and we lost together."

Junior Varsity Dominates District

Coach Davis led the Junior Varsity to a championship year with a season record of 20-9 and a district record of 14-0, thus making us the District Champions. The high-scoring player was Troy Williams. With a record like this, it will be exciting to see what these players will bring us in the following two years.

Exciting Year for the LADY BEARCATS

... There were 57 seconds left in the game. The score was 46 to 48 and they were winning. The opposing girls ran back and forth to each goal, stealing the ball from each other, while silently wishing that their team would conquer. There now was only 32 seconds left and the score hadn't changed. Sherman had the ball. Sweat rolled off each girl's face from the intense desire to win, as if they had been in a sauna for hours. To them, they had. Banks passed to A. Parker, who dribbled, then passed it to Yolanda White. With only mere seconds remaining, everyone knew that this one girl was to make the final decision. Quickly she dribbled towards the goal, stopped, and shot the ball. Brief silence fell upon the crowd as the world watched to see. With a gentle, "swish," the orange sphere fell through the rim for two points...

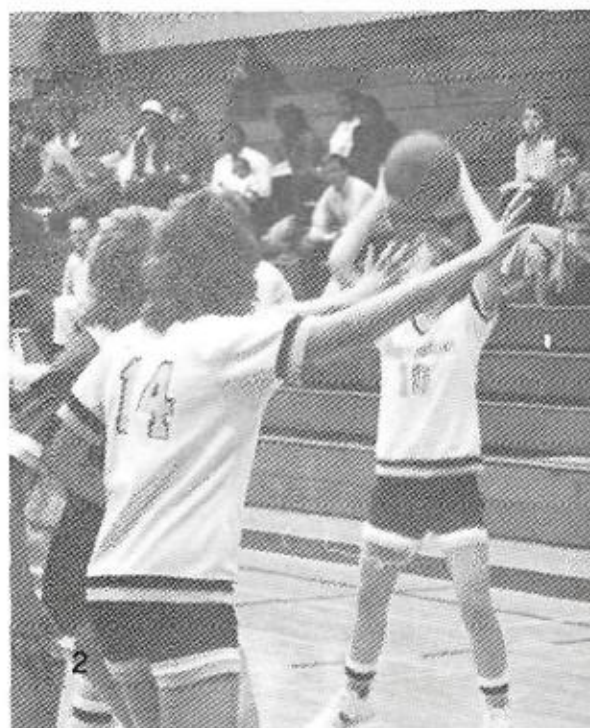

This description tells of the exciting last game that was played, that ended with our two point loss after three overtimes. Although we lost, this game and others left a special feeling of Sherman pride in the girls' hearts.

This feeling of pride and determination was experienced by a lucky group of young women at SHS. These girls made up the Varsity Girls' Basketball Team. Together they joined forces to combat many extremely skilled basketball teams that are near our home town. Because the competition was so good, the Lady Bearcats experienced a difficult season, but still maintained high hopes. The girls had many handicaps to overcome such as trying to forget last year's coach, adapting to Coach Rogers, and working on their defense. These handicaps made this season rough, but Coach Rogers planned for these problems to disappear in the 1987-88 season. We're all behind you, Lady Bearcats!

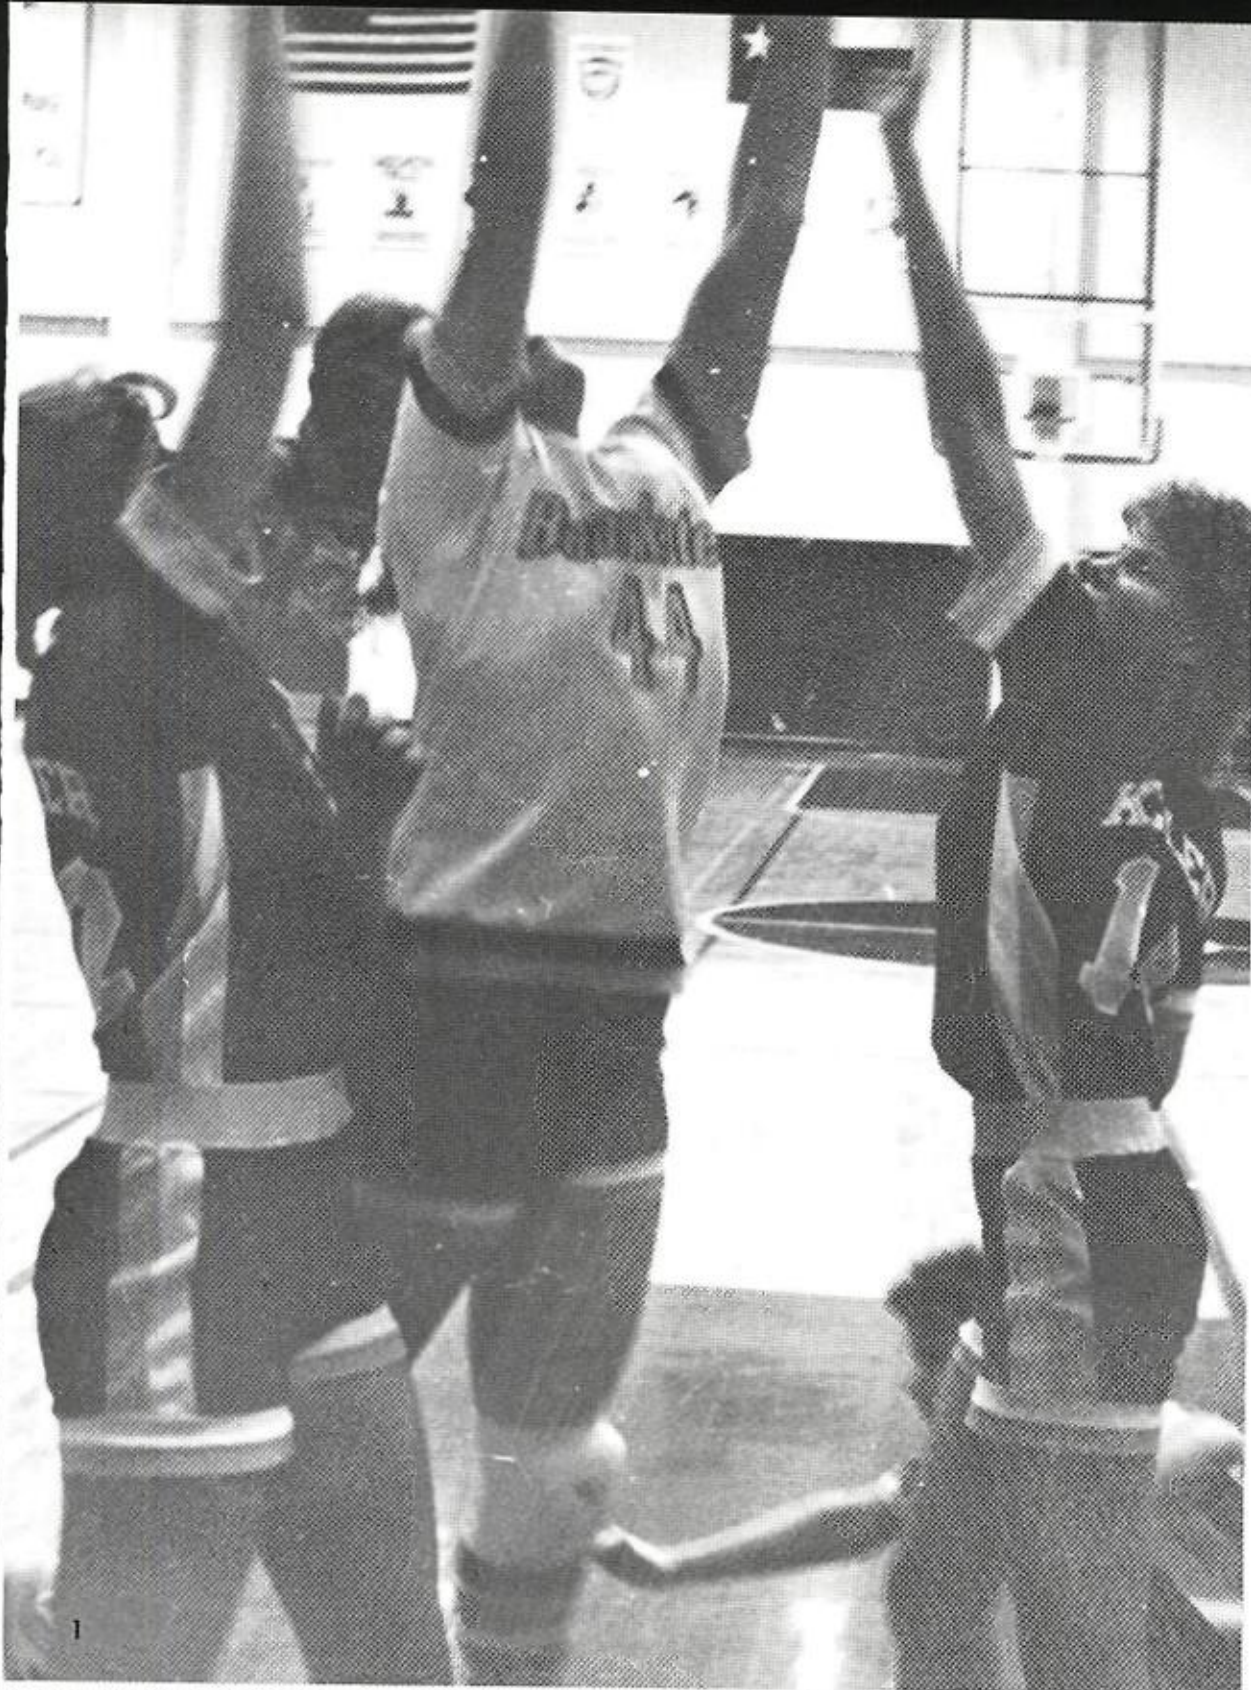

Special honor — Yolanda White qualified for varsity after starting the season on the 1986-87 JV team.

The JV and Freshman Lady Bearcats of year's past have had many winning seasons, a tradition kept up by this year's teams. The JV team's season, coached by Mrs. Landes, was highlighted by displays of determination on offense and tenacity on defense. The Frosh players showed many new skills they were perfecting in their quest for a spot on the Junior Varsity and eventually the Varsity teams.

For example, the freshmen were defeated twice by Plano Clark teams in the district season schedule. Due to extreme dedication and teamwork, the freshmen girls were able to come back and defeat Plano Clark by a score of 41-36 and capture 2nd place in the Freshman district tournament.

The JV and Freshman Girl's Basketball teams exhibited an aggressive style of play exemplary of Lady Bearcats. We'll be hearing of these girls in Varsity games in years to come.

The Soccer team flourished this year. A part of the team's success was due to their ability to work together. This togetherness was gained by an extensive three and a half hour workout five days a week. They all worked towards the same goal to improve skills and speed.

As the team won more games, the schools support became more evident. This could be seen by the enthusiastic crowds at many of the games. The Soccer team had a winning year with scores like 2-1, 13-1, and 4-2. Coach Aleman said, "Overall we were a better team this year due to the fact that we are more balanced in players." Some of the outstanding players this year were Doug Davidson, Johnny Rangel, Fernando Rubio, Brett Andrews and Eric Becker.

Tracksters Leave Competitors Behind

The 1987 boys track team was under the direction of Coach Hunt and Coach O'Brien. During the season, tracksters ran long distances to help their endurance, and short distances to help their speed.

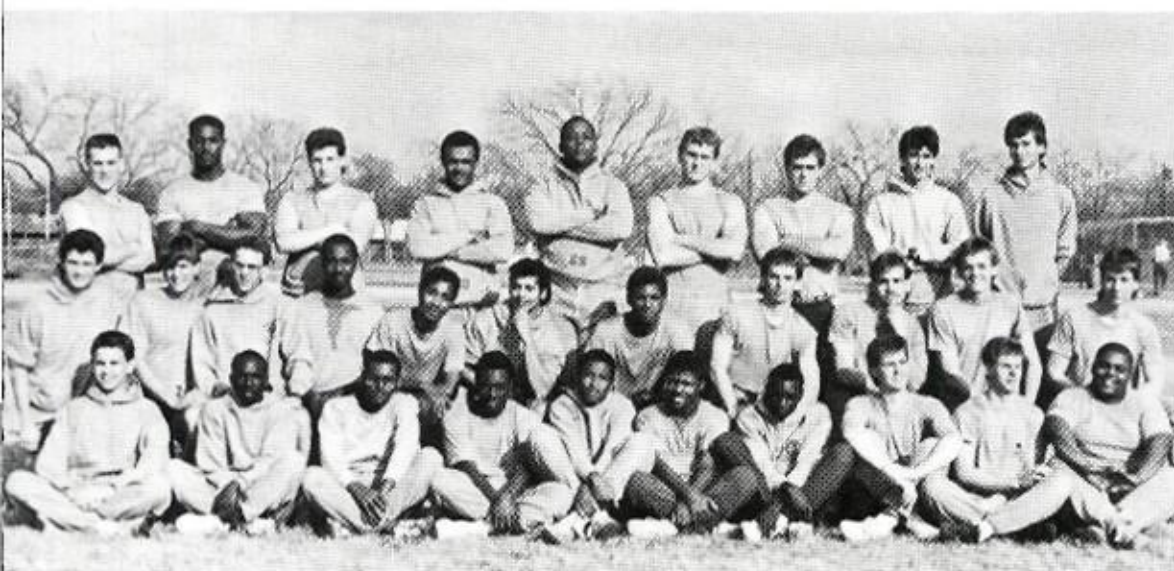

They worked out every afternoon and most mornings. For

long distance runners, the warm up was 800 meters or one to two miles. This hard work prepared them for the challenging meets.

Coach Hunt and Coach O'Brien instructed them on how to improve their form, which increased their speed and lowered their time.

During the spring, a sports banquet was held where tracksters were rewarded for their accomplishments.

On The Right Track

The 1986-87 girls track team entered the year with high hopes of winning District. The girls practiced everyday after school at Austin College for two hours. They ran District this year at North Texas State. Some of the local meets that they ran in were at Gainsville, McKinney, and Irving. Debra Edwards said, "Track is a wonderful sport with a lot of hard work and endurance. Once you win your medals it seems as though you haven't worked at all."

Baseball Team Sets Challenging Goals

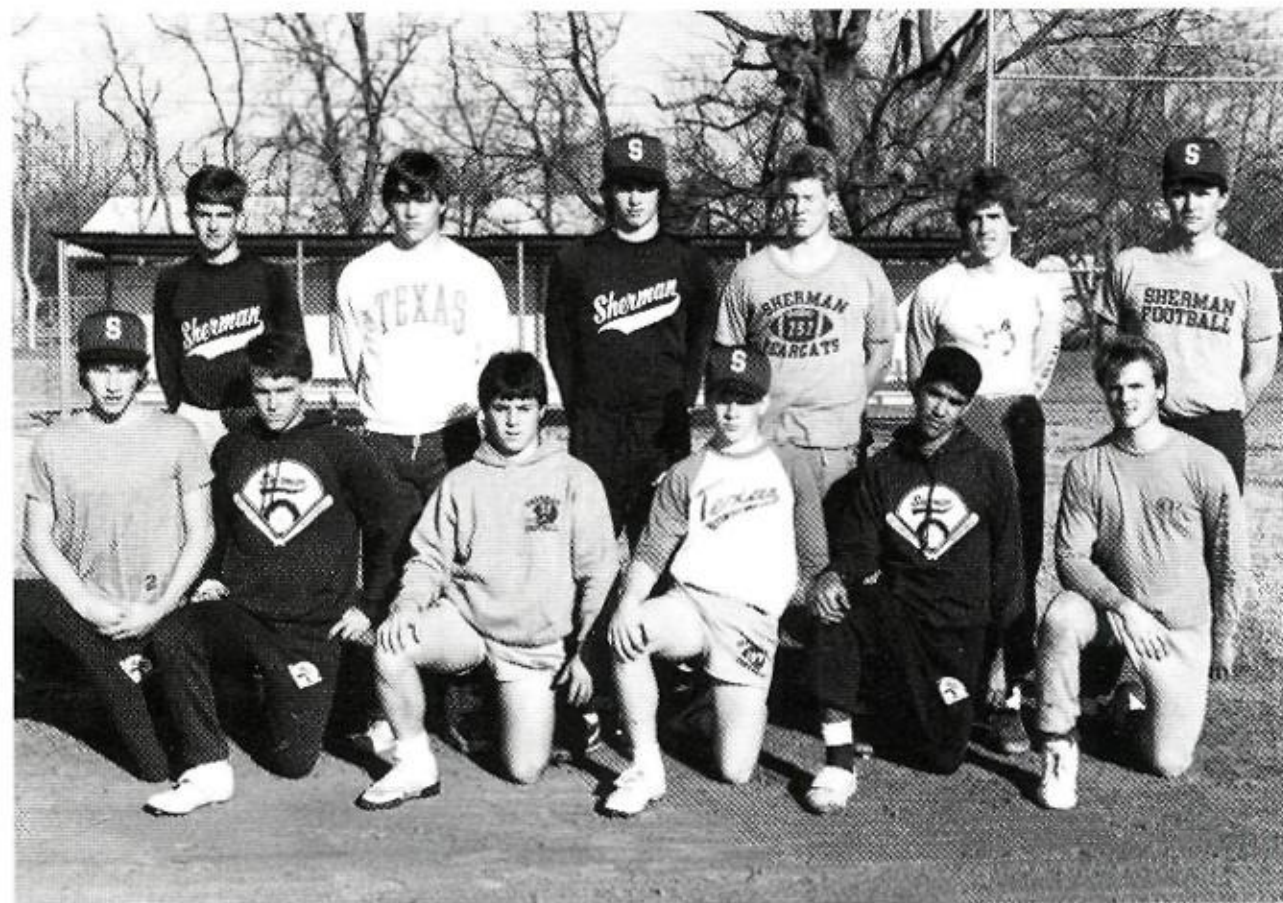

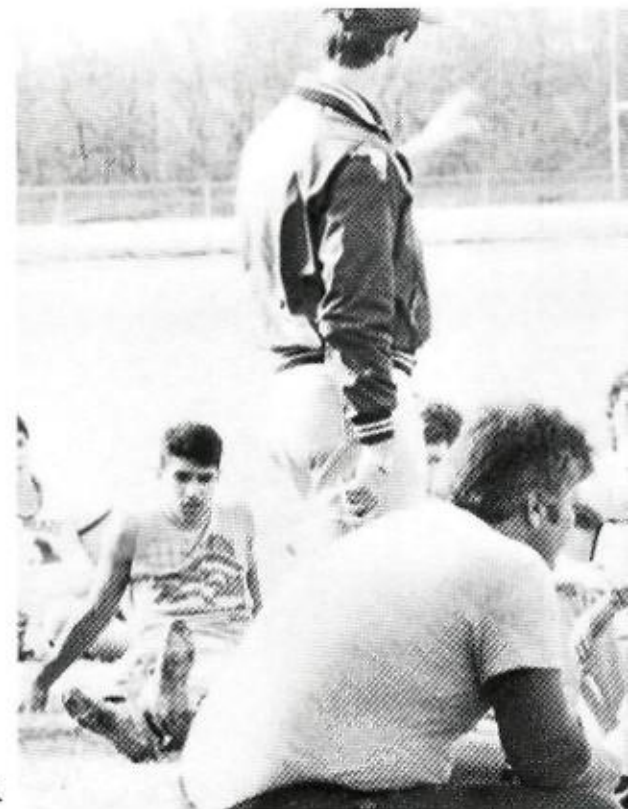

"Our goal for the 1987 season is to win our district." These words came from the mouth of Coach Gary Benton, Head Baseball Coach of the Sherman Bearcats. And with 7 returning lettermen, who could doubt their chances?

Coach Benton has molded this team of Bearcats from day 1. His main concern entering the season was pitching, along with lack of experience.

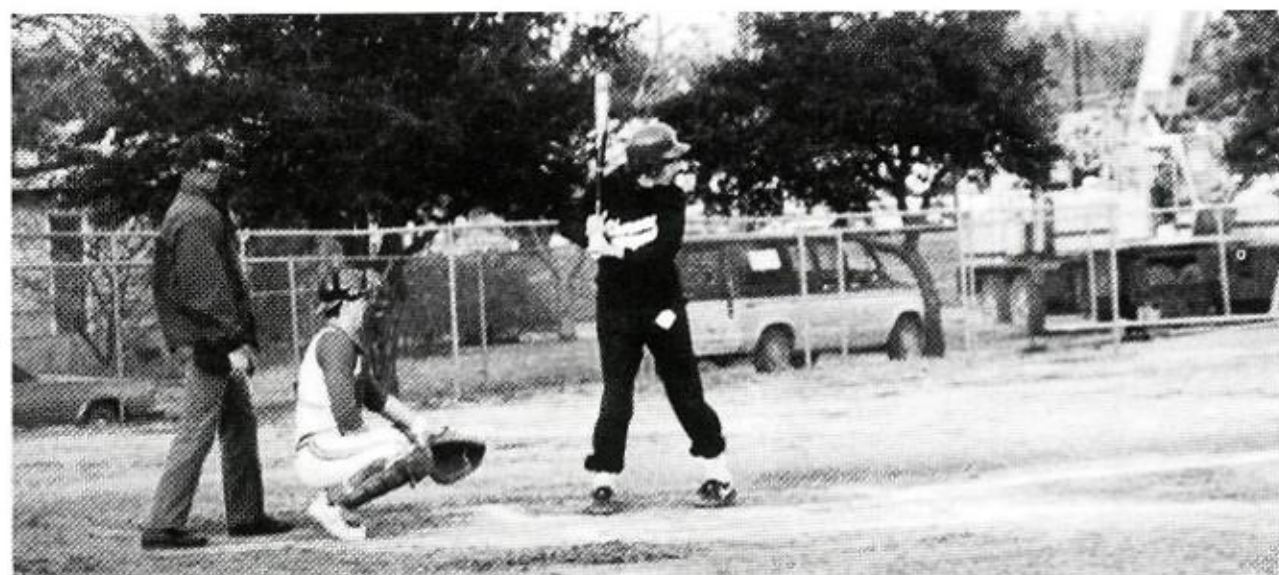

Commenting on the lack of experience, Coach Benton said, "The lack of experience really isn't that

bad of a problem, but compared to some of the other tough teams in our district, such as Lewisville and Denton, we do have a lack of experience. Of the 7 returning lettermen we have, only 3 are Seniors."

The 7 lettermen returning were: Billy Buckelew, Jason Welch, Julio Malacara, Lee Steele, Brian Fry, Lane Aleman, and David Rohr. The seniors returning were: Jason Welch, Lee Steele, David Rohr, and Dale Marable.

When the gray of winter slowly gave way to spring, wooden golf tees were pressed firmly onto the ground, as the golf team members prepared to start training for another golf season.

"Golf is a year around sport at S.H.S.," said coach Steve Southerland. We played five tournaments in the spring and three in the fall plus district." District play consists of two rounds of 18.

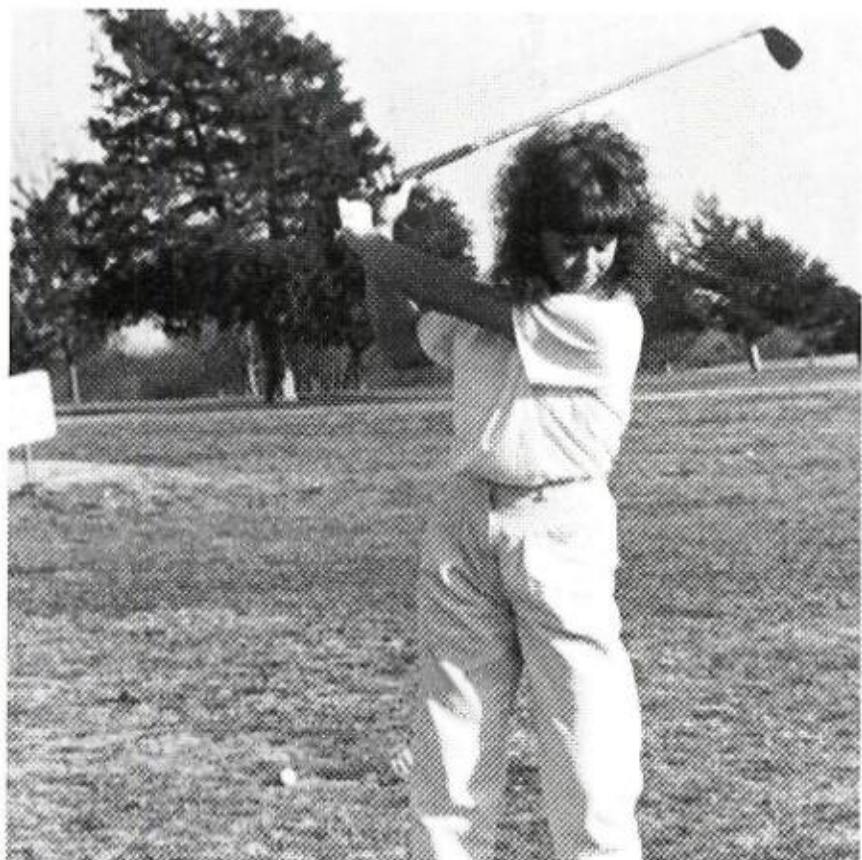

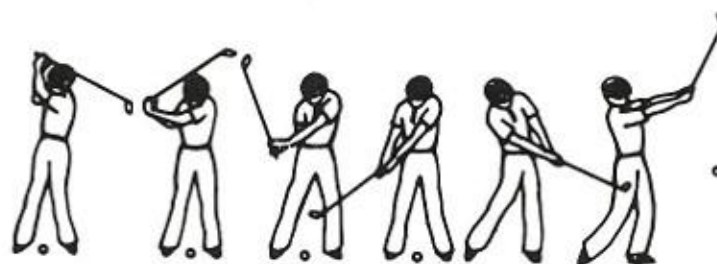

Practices were held at Woodlawn or Tanglewood and consisted of ten balls on the range, putting, chip-shots, and an individual workout by the players to improve their own game. "They're good to us out there (Woodlawn); it's nice," says coach Southerland.

There were 11 players on the team. Kari Hunter, the only girl, participated in the girl's tournament. The youngest player was freshman Larry Barber. "He's a good player and his age makes no difference," commented coach Southerland.

Coaches

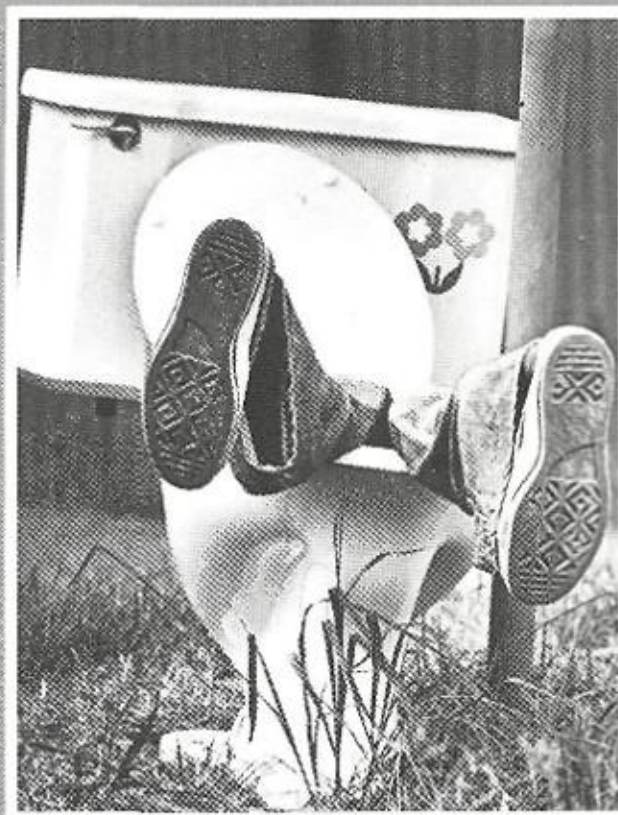

Something New Something Different

Each year, near the end of the year, a ritual takes place known as the Powder Puff football game held between the junior and senior girls at SHS. This is not just an ordinary football game; it requires a lot of hard work and turmoil. The girls are coached by male members of their class. The object of the game is to make things just the opposite of the boy's games held during football season.

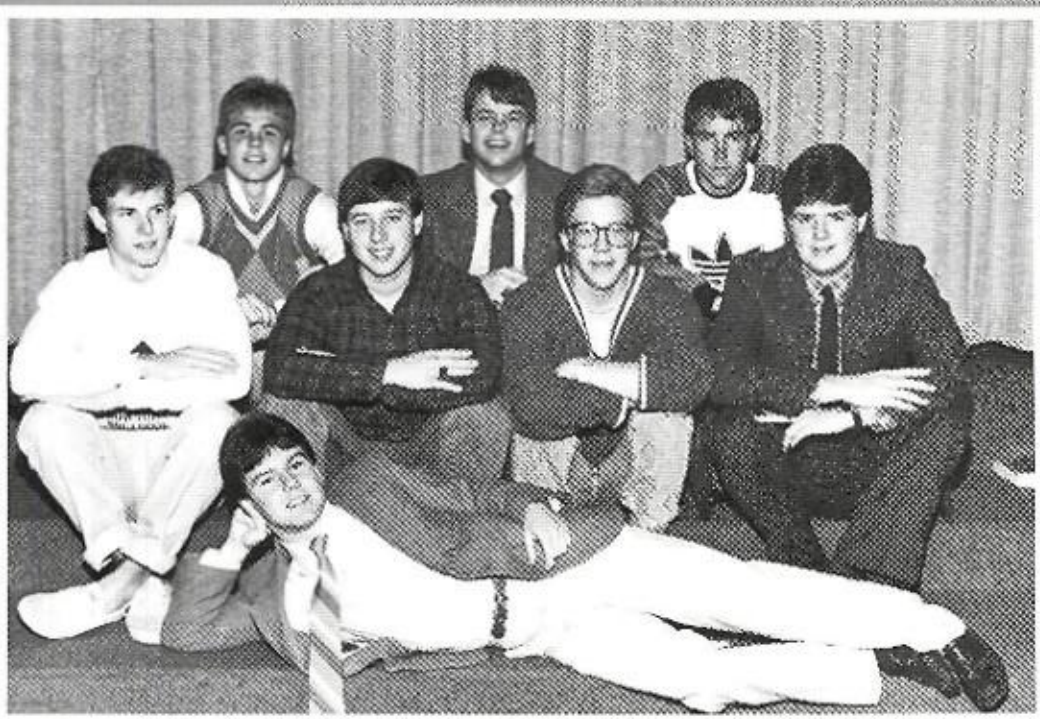

This year, something new took place during the Powder Puff season. What you may ask? Well, a Powder Puff King was crowned! This was the first year this took place at SHS. The girls who participated in the game nominated three guys from each class to represent them. A penny drive was held in the commons to select the lucky winner. Students from all grades were allowed to add their pennies to the jars.

Besides the fact that there was a Powder Puff King, he had something else that no one else had. He had a crown and a seat on his throne. His seat was a **Toilet Bowl**. The King fulfilled the same duties as the Homecoming Queen. If he was unable to do this, he would have to give up his seat to the Gentleman-in-Waiting. Congratulations to all the Powder Puff participants and **Thank You!**

The Sherman Artists

Every year, our school's Art Department has been divided into three groups: Art I, Art II, and III.

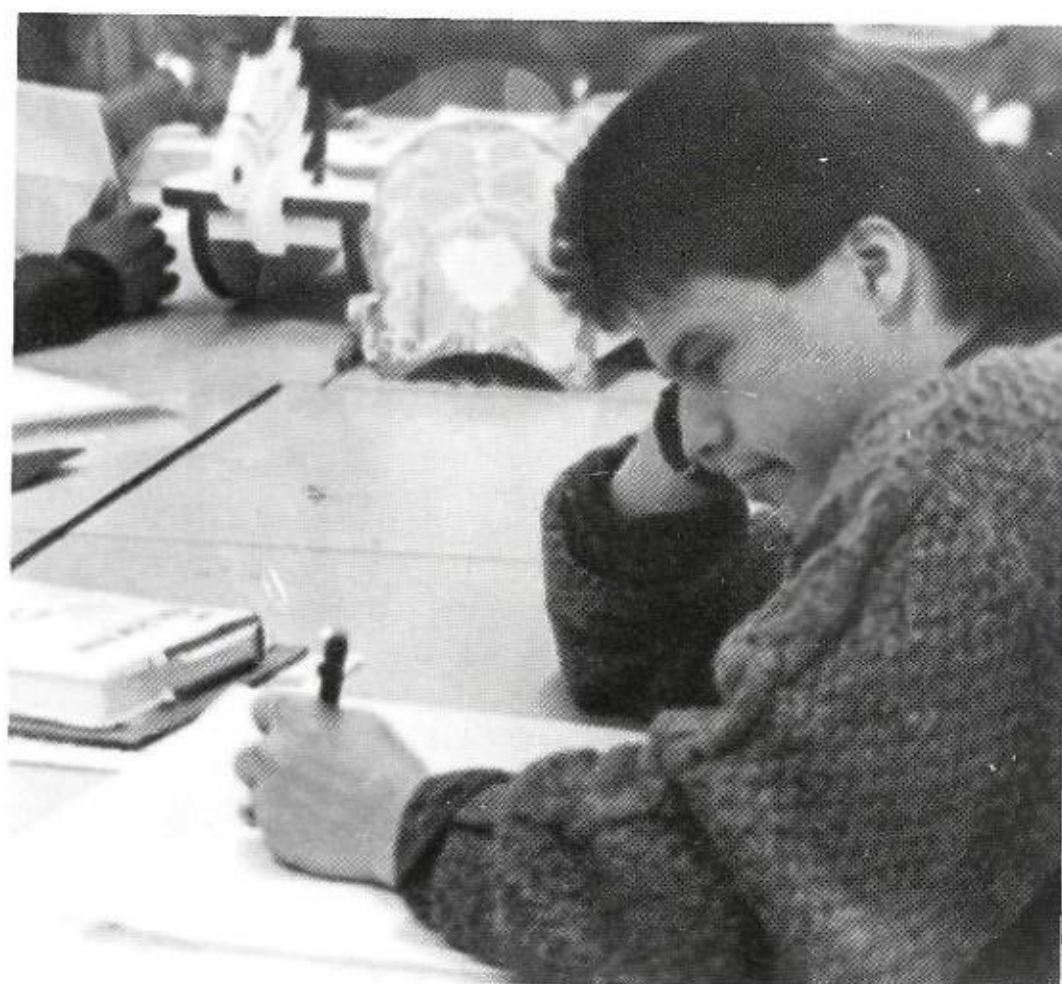

Art I, under the capable guidance of Mary Hensler, is an exploration through the many types of techniques and materials for each student.

Those students who manage to work their way through Art I and still pass, plus continue to be interested, may proceed to Art II. In this class students learn to work on the

development of their professional skills.

If, by some chance, the students continue to pass, they may move on to Art III. In this class various attempts are made to enlarge the students' artistic scope, as well as to prepare a portfolio for college study.

This year, as every year, Sherman High School turns out many highly artistic people.

Picture 1: Senior Crystal Robertson works on her art project.

Picture 2: Mrs. Hensler and Senior Priscilla Ball examine her work.

Picture 3: Senior Tino Stone completes his assignment.

Picture 4: Senior Annie Schemmel works with pastels.

BUSINESS: PREPARED FOR LIFE

In the many business courses, such as Business Law, Business Management, Typing I and Typing II, Accounting, Record Keeping, Personal Business Management and Personal Finance, Economics, and Business, the students prepare for life after they graduate.

The courses aid students in

learning the skills of typing, aspects of law, keeping books for records, budgeting, real estate, insurance, free enterprise, problem related functions, and discount percentage.

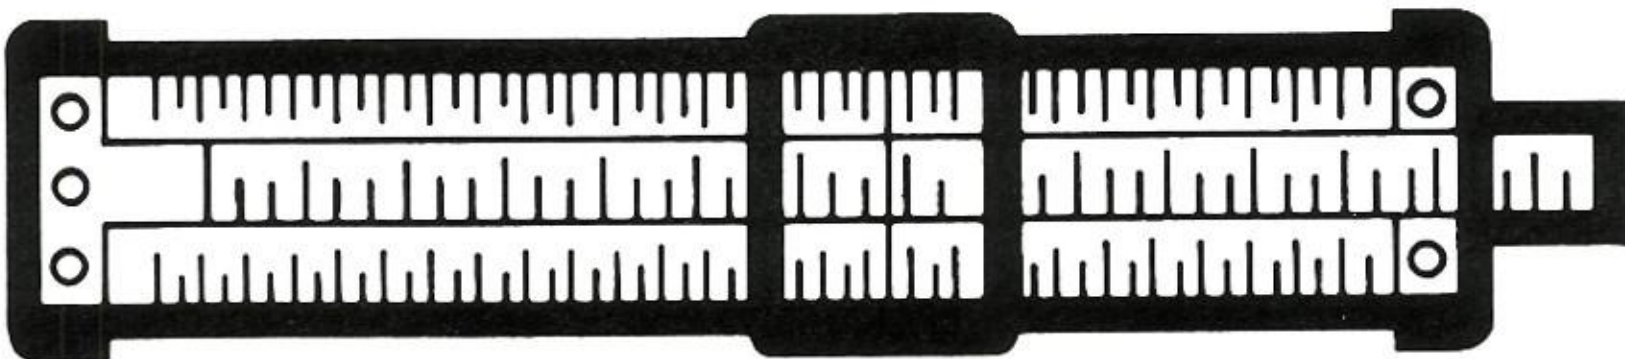

The only prerequisite for any junior or senior who wishes to enroll in a business class is that they must want to study and be ready to work.

Picture 1: Sophomore Jeff Lark works diligently.

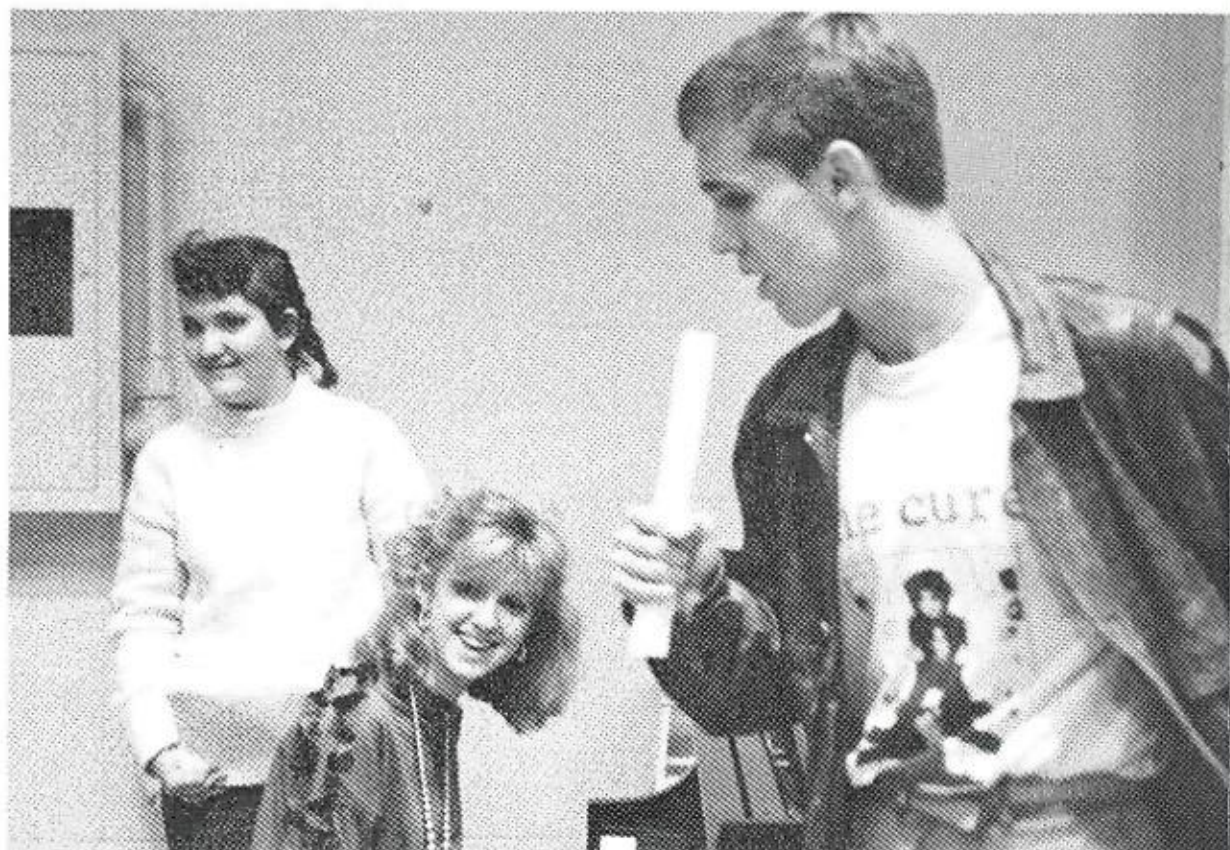

Picture 2: Typing class: Business as usual.

Picture 3: Junior Debra Edwards finishes her story at the last minute.

DRAMA ACTS UP A STORM

The Drama classes at Sherman High offer many opportunities for students to acquire a comprehensive overview of the stage. Short plays and monologues are presented by students as part of the year's curriculum. In addition, students learn the technical elements such as lights, make-up, costuming, and set design. Sponsored by Bob Watson, Theater Arts bolsters the self-image of the students involved, and introduces them to the world of theater.

1. Wendy Mitchell limbers up for drama. 2. Robert Watson, along with Robin Goodpastor, Annette Jones, and Raquel Olivares intently watch the acting. 3. Joey Fuller tells Lori Burnette and Amanda Ridley to "Play it again, Sam." 4. Amanda plays while Joey and Lori do a duet.

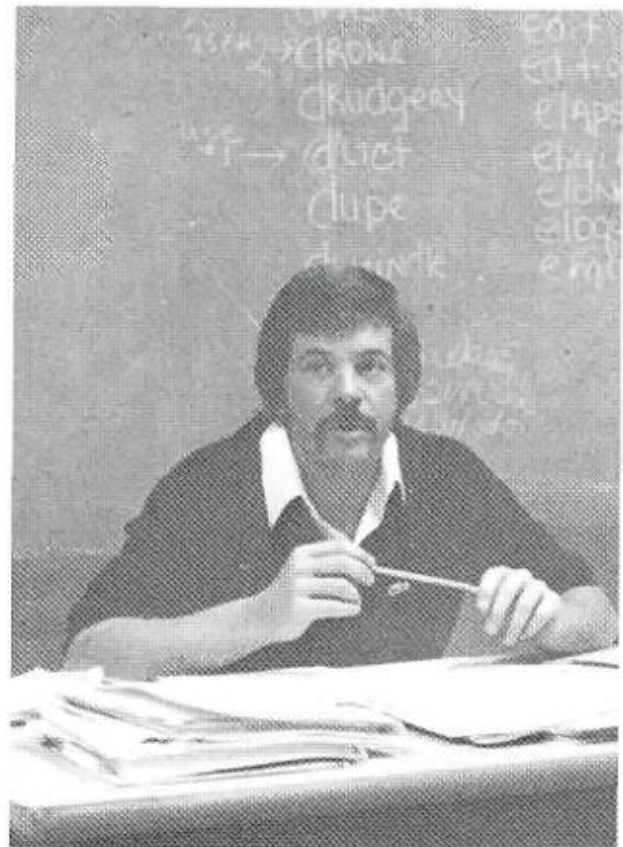

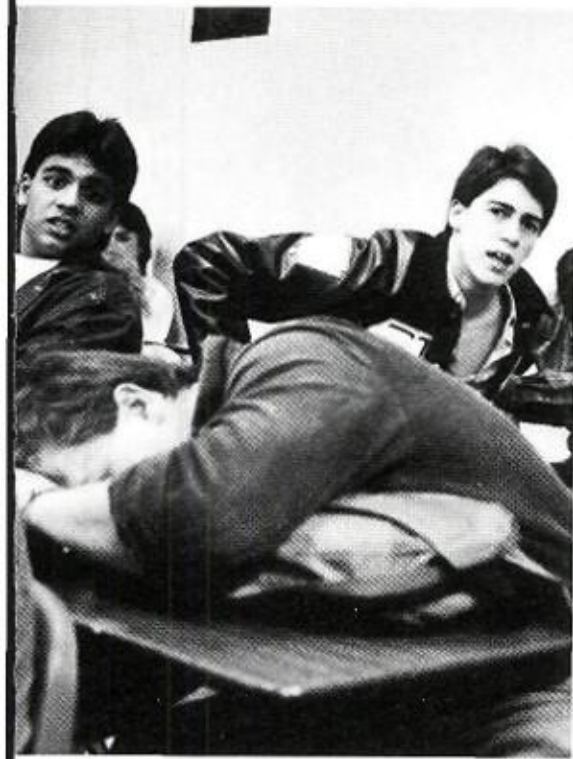

ENGLISH DEPARTMENT STRIVES FOR EXCELLENCE

The English department at Sherman High has always strived for excellence, and this year was no exception. The staff's hard-working teachers, headed by Mrs. Leslie Allen, strives to perfect spelling, mechanics, vocabulary, grammar and composition skills and to increase the knowledge and appreciation of the different types of

literature among SHS students. The four years of English can be fulfilled with honors or regular courses. Honors English, however, requires application and teacher recommendation.

All in all, English gives SHS students the ability to communicate effectively and is the backbone of the academic program.

1. Pat Kinder and Venu Menon wonder how they are going to wake up their snoozing classmate. 2. Cari Gogoly, Tonya Faith, Ashley Chapman, Debbie Horn and Kim Streng give Coach John Miller something to worry about. 3. Coach Steve Southerland explains an English assignment to the ever-attentive cameraman. 4. Craig Owens aims for a distant trash can.

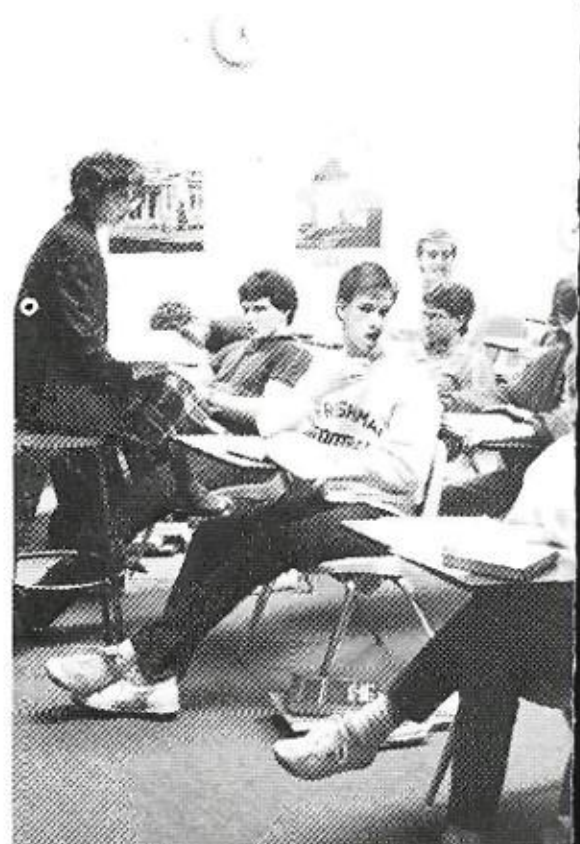

FOREIGN LANGUAGE: A TOUCH OF CULTURE

The Foreign Language department at SHS continues to provide students with an outstanding awareness of other languages and cultures.

With Spanish, French and Latin to choose from, students have a nice variety. With this year's increase in

enrollment and the extra emphasis on academic excellence within our public educational system, the Foreign Language department is expected to continue its rapid growth.

The head of the Foreign Language department is Mrs. Bobbie Golhke.

1. Mrs. Hinkle walks like an Egyptian. 2. The PASF officers pose for the shot. 3. Mrs. Hinkle preaches to her attentive class. 4. Mrs. Hinkle helps students to understand the language.

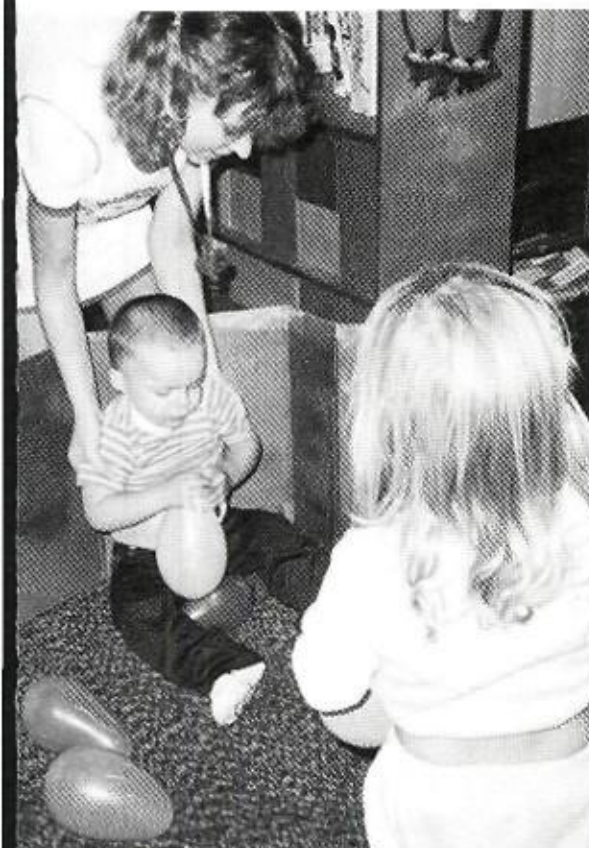

HOME ECONOMICS: PREPARE FOR THE FUTURE

The Home Economics program of SHS has a wide variety of choices for students who want to start preparing now for the future.

The choices of interested students are not by any means limited. They may take part in courses such as Home and Family Living, Child Development, Foods and Nutrition, Clothing and Textiles and they may also join clubs such as Future Homemakers of America (FHA), and

Home Economics Related Occupations (HERO). These clubs are sponsored by Mrs. Mary Gillespie and Mrs. Betty Brawley.

Students are in Home Economics for many different reasons. As Home Economics teacher Mrs. Betty Brawley stated, "Homemaking classes offer many opportunities for students to prepare for the future and life."

Kim Grooms plays the Easter Bunny in her Home Economics class. 2. Keeping the kids - a tough job but someone has to do it. 3. Carmen Valley and Lisa Merrill practice taping the carpet to the floor. 4. Erika Hayes and Jiscilla Ball, along with other students in FHA, make sure all of the kids are having fun.

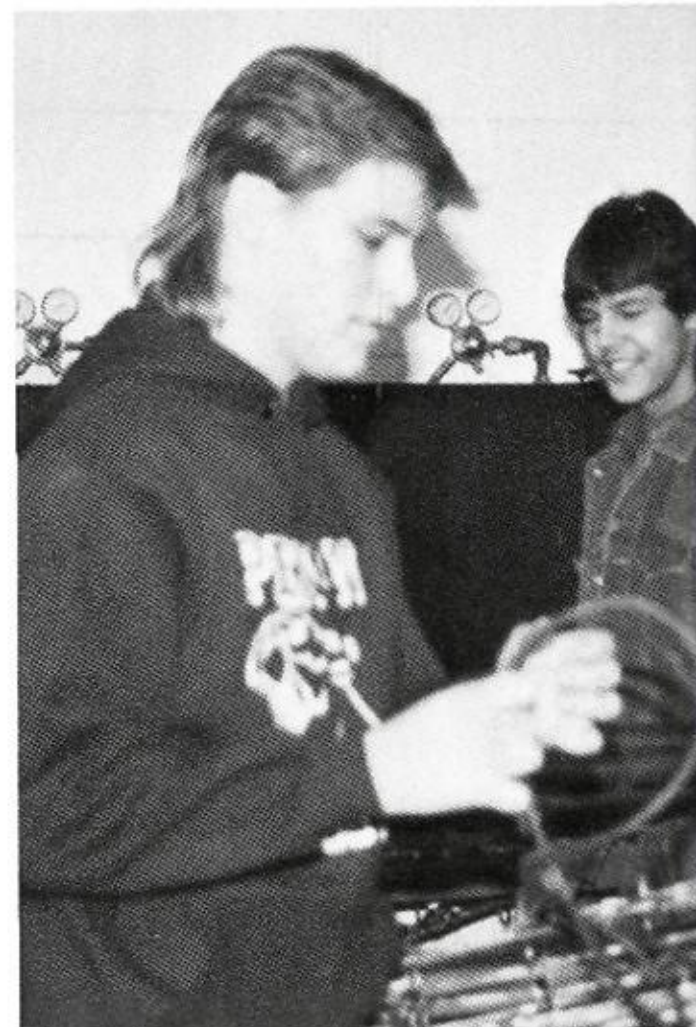

STUDENTS LEARN FUTURE TRADE

The Industrial Arts program at Sherman High School has a big responsibility in that they produce the architects and carpenters of tomorrow, today.

To become future builders the students involved must have a good imagination and a great deal of creativity, among other talents which they learn.

The main goal of students in the program is to take part in the changing skylines of America. To let students have a chance to achieve their goals, the Industrial Arts program covers everything from building houses, to architectural drawings, and all phases of drawing blueprints.

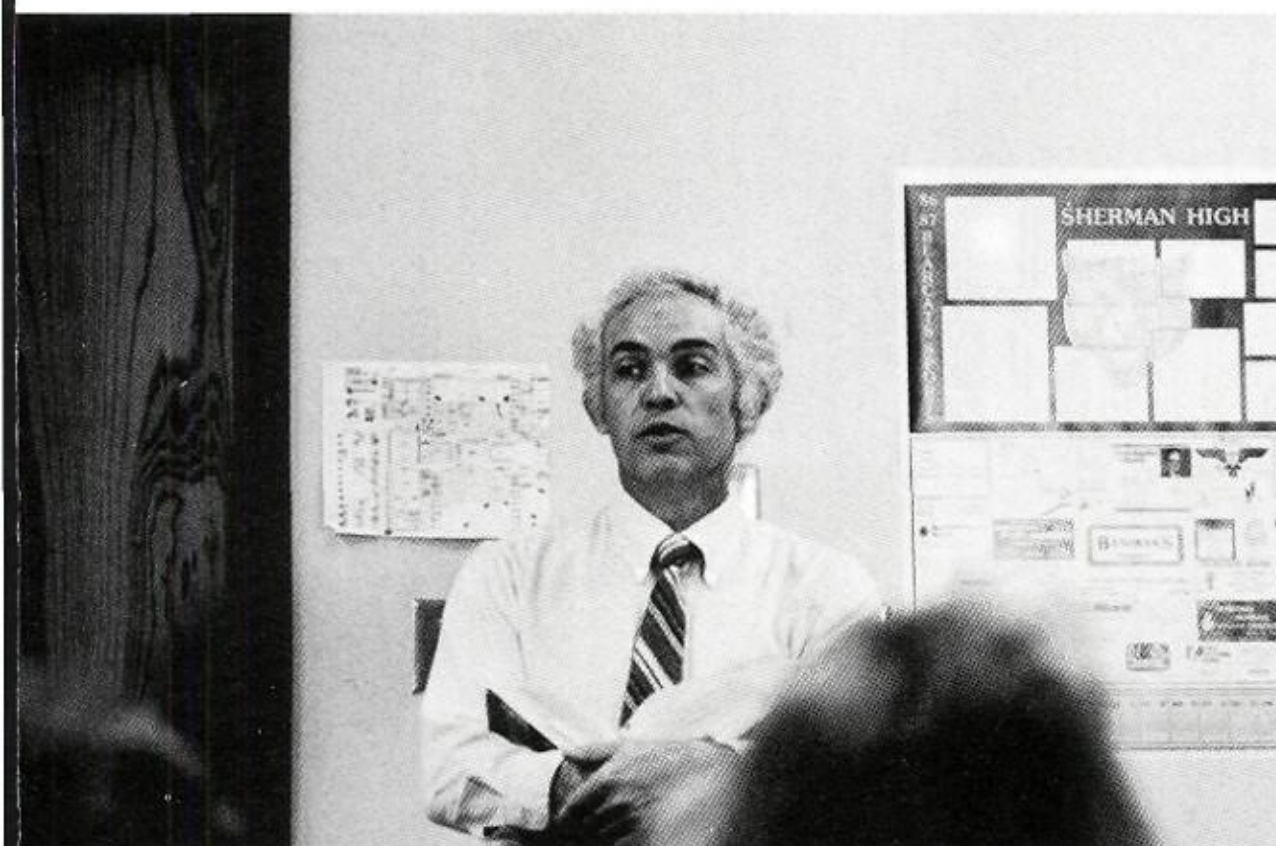

1. These students work hard to clean the machine. 2. Jerry Yeargan laughs at David Gearinger while he tries to do some work for once. 3. Jerry Cox teaches his classmate something he knows little about.

MATHEMATICS CAN BE REWARDING AND SATISFYING

Mathematics is an essential part of everyday life. Since math is so important to our success in future years, our teachers have a big responsibility in teaching us all they know about computing and analyzing problems.

The most satisfying feeling for a math teacher is to see his students grow mathematically.

Mathematics can be rewarding and satisfying when everyone works at it.

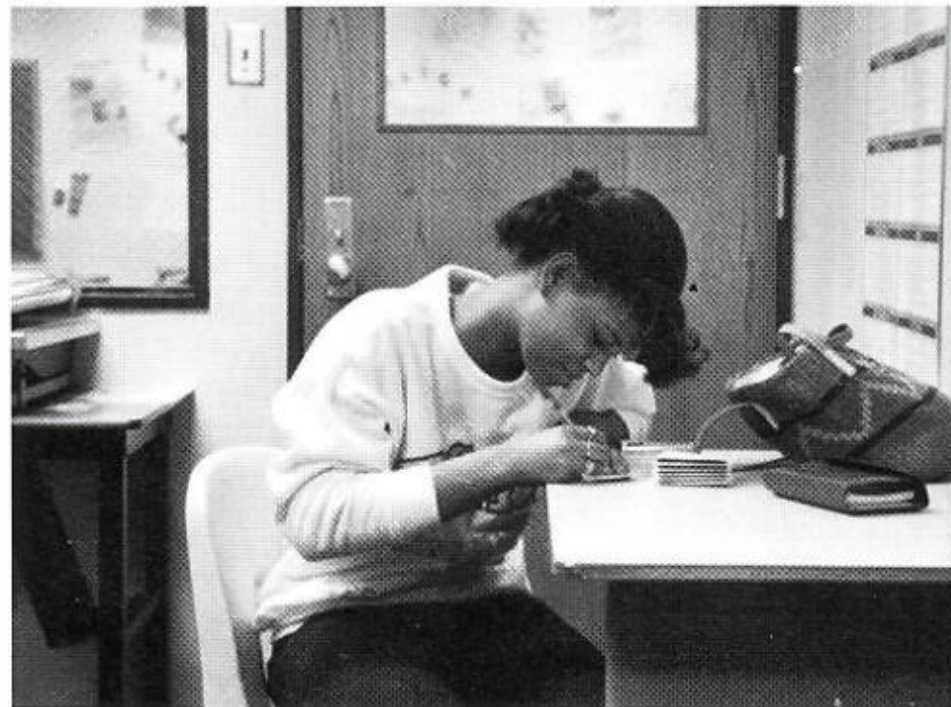

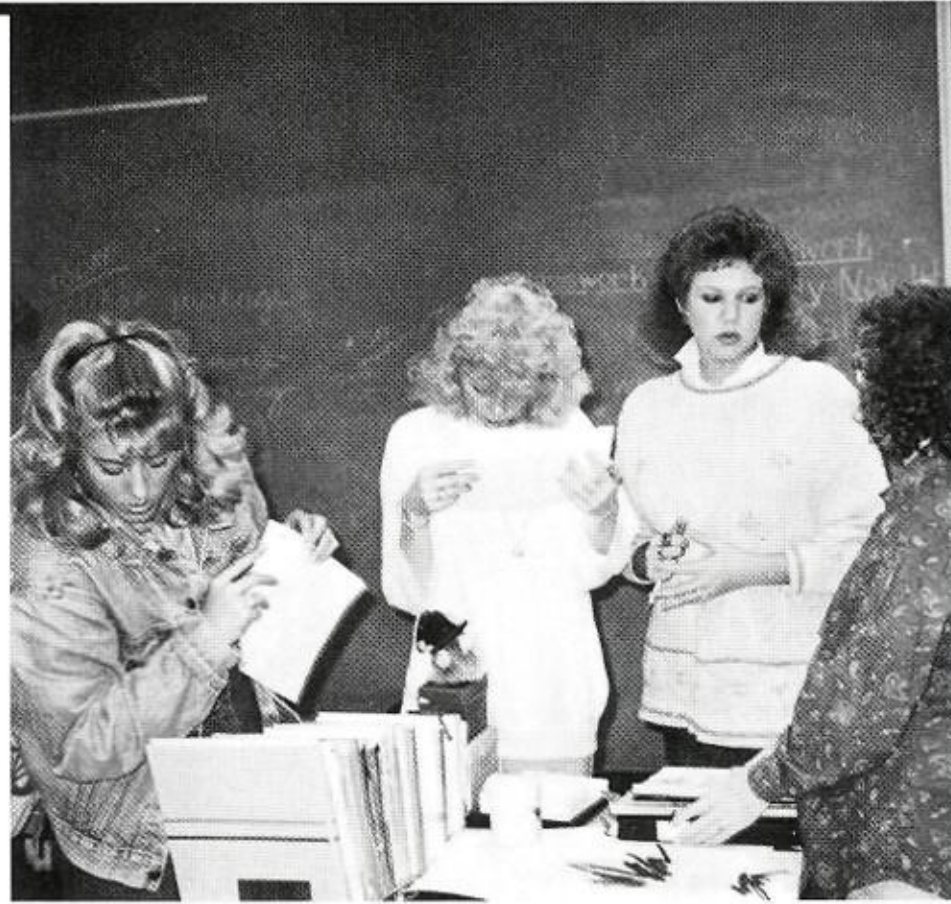

1. Mr. Bokies lectures to the class.
2. Kash Kayes notices the flash too late.
3. Ila Armstrong tries to teach Mr. Bokies a few new tricks.

ADVENTURES OF JOURNALISM

Journalism class is designed for students interested in newspaper style writing. Students learn to write news stories, feature stories, editorials, and sports stories. They also learn how to run a newspaper, write and sell ads, and lay out an actual newspaper.

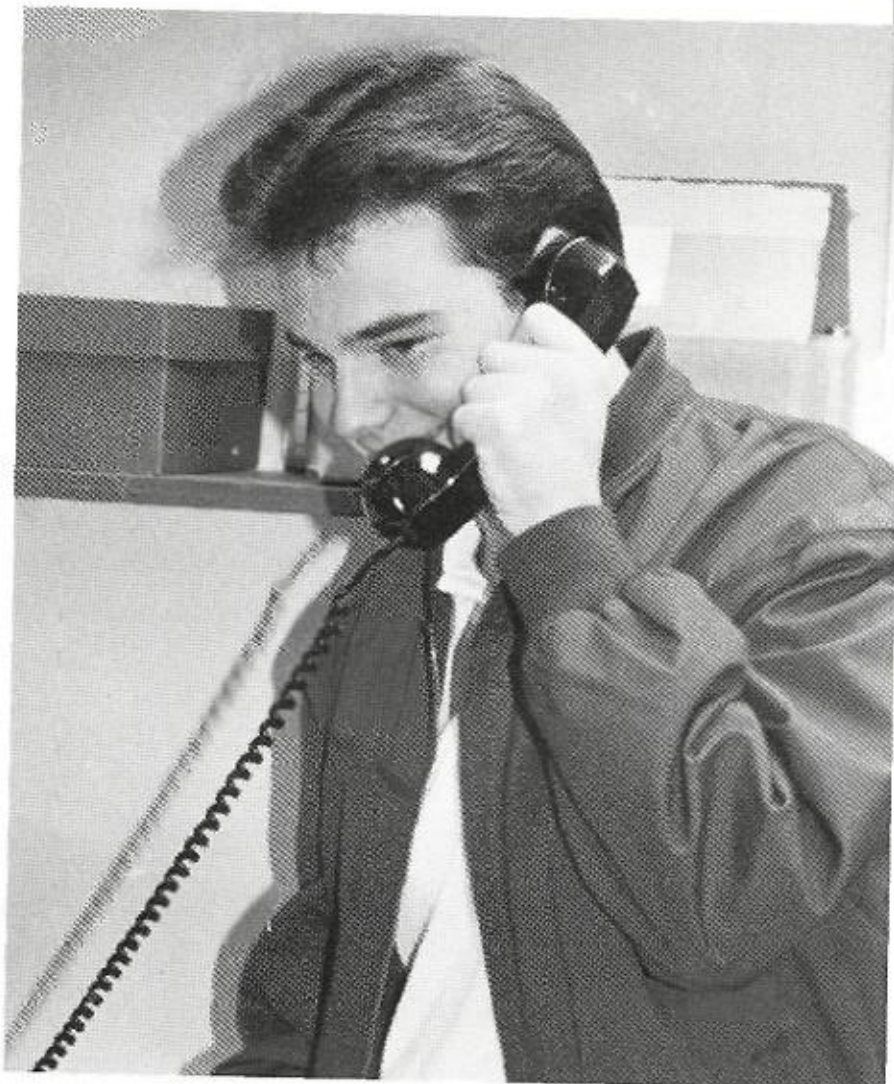

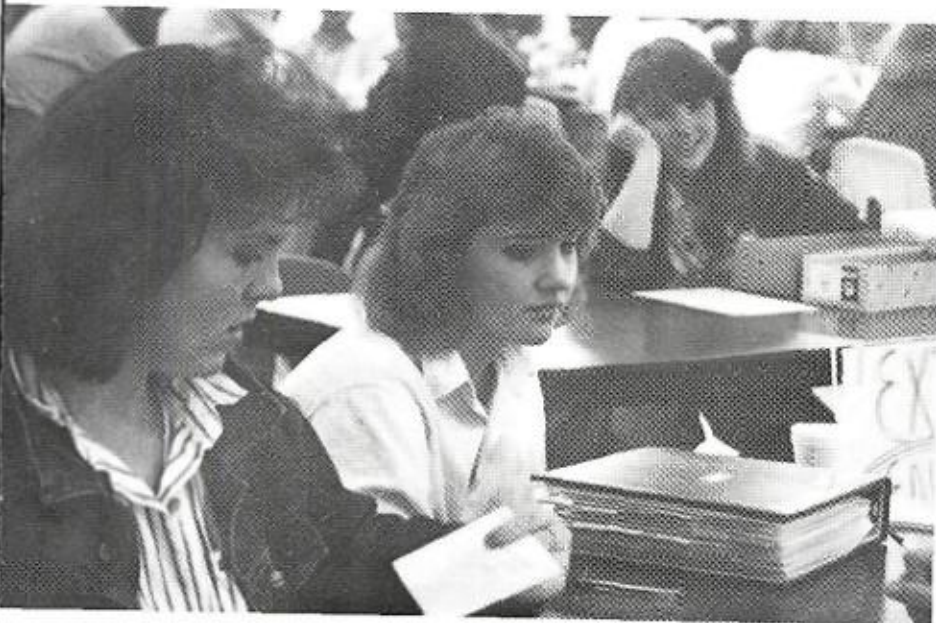

Journalism is difficult, but interesting.

1. Carol Ferguson and Lesa Cole pay no attention to Mrs. Icsman while Rebecca Fitzsimmons listens carefully. 2. Chelsie Campbell writes a "Love" Letter. 3. Chelsie Campbell, Rebecca Fitzsimmons and Lisa Johnson gossip about the latest events.

ATHENIAN STAFF DID IT AGAIN

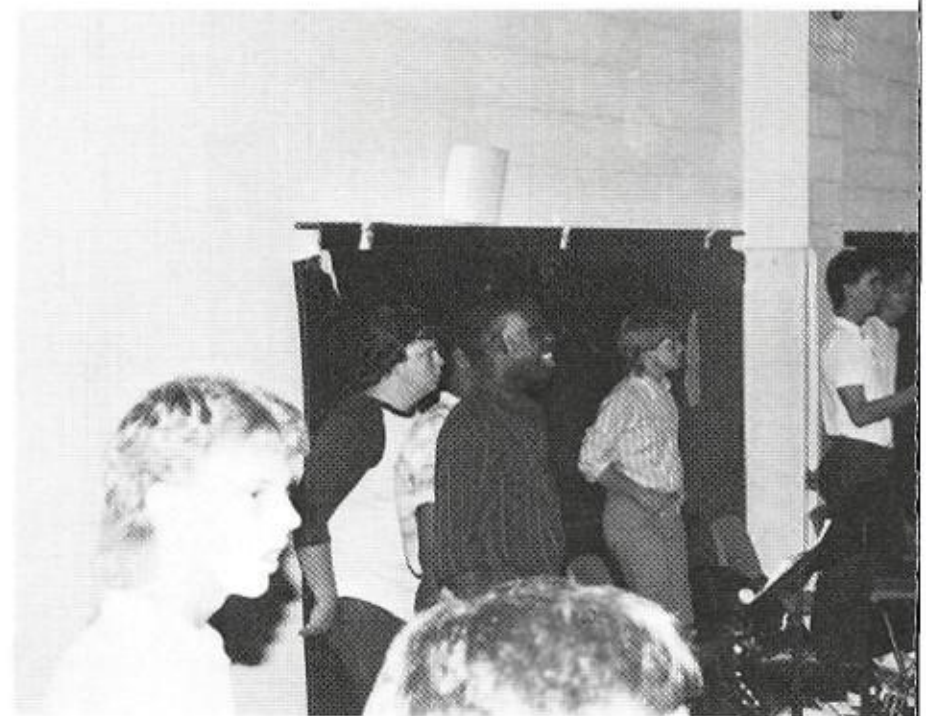

We've done it once again. We have put together a yearbook that everyone can be proud of. Everyone on the staff put forth their time and effort to make every page its best. With even the smallest of details, the pages were transformed to make up your yearbook. The staff spirit, loyalty, and dedication helped SHS gain a yearbook that everyone can cherish for generations to see.

1. Penny Miller accepts a \$100 check for the most outstanding advertisement salesperson. 2. Renee Davis watches Penny Miller and Patty Bowles with enthusiasm. 3. Richard Vaughn and Chris Hayes stare into space while Kelli Wilson works hard. 4. Mark Lynn "Phones Home."

Moving to a Different Rhythm

Band was a very exciting adventure involving many students. They learned many different marches and songs for football games, and practiced hard. After football season was over, the band concentrated on their playing skills. They were broken into the symphonic and concert bands. Students prepared music for U.I.L. and other concerts as well. Kathy Johnson says, "Band is a terrific place to meet lifelong friends." The SHS band brings spirit and pride to our school.

1. The band plays the 9th grade blues to the freshmen in the pep rally. 2. The band practices for Friday's big game. 3. The marching band marches to a swift tune. 4. Some of the band members watch the rally.

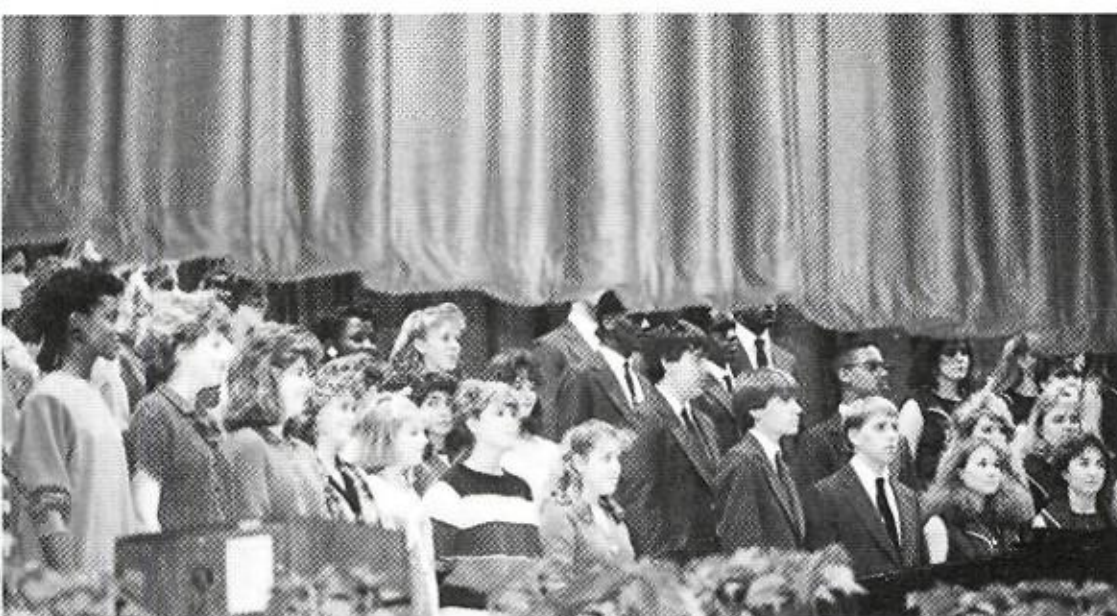

Something to Sing About

SOMETHING TO SING ABOUT! The choir is a fun and exciting department. There are three different choirs altogether. They are as follows: A cappella Choir, SHS Singers, and one voice.

All the choirs do a number of performances throughout the year. Some choirs perform more than others. This gives everyone a chance to experience stage jitters. These performances tend to bring people of the group closer together, and for those "hams" in the group, it's a lot of fun.

Choir is a fun course, yet it can teach you much about life. Mr. Gohlke, the director of all these choirs, brought out, "Choir is a creative outlet at a time and in a world so scant in such, but choir is also an instructor which teaches that detail just may be the essence of life itself."

1. Shanna Corley sings solo at the Christmas choir performance.
2. The choirs stand tall and proud as the curtains open for their first number.
3. Mr. Gohlke leads the A cappella choir in singing.
4. The choir stands quietly and listens to the orchestra.

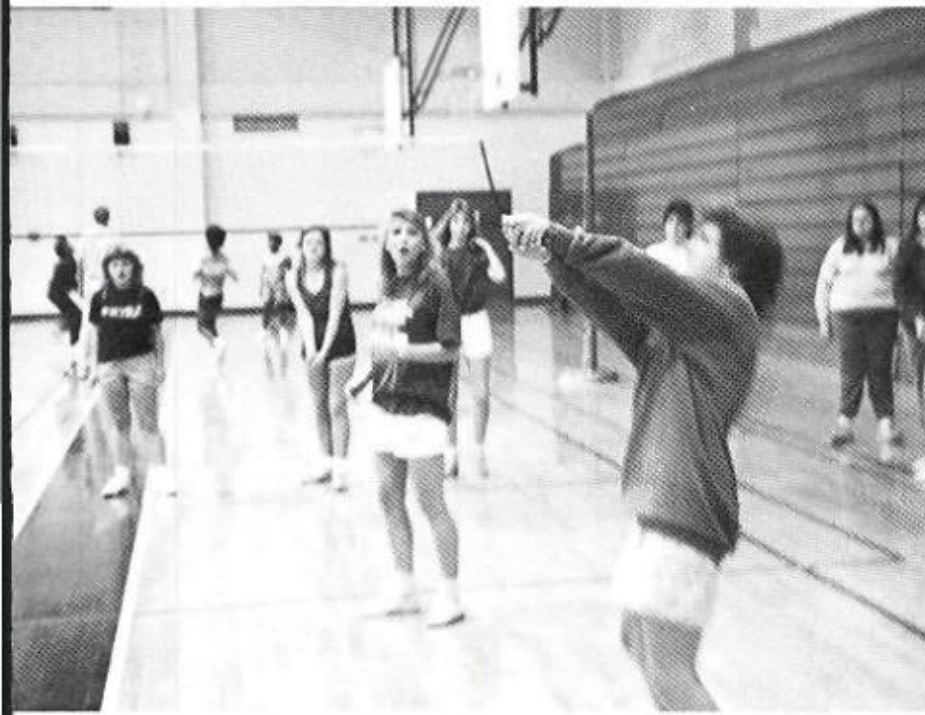

THE SOUND OF MUSIC

This year the orchestra department had a new director. Mr. Robert Penhall, who last taught at Berkner High School in Richardson, greatly enjoyed his first year at SHS. As director, his job was to choose music and dates for concerts and to motivate his students. It also took the love of music for his students and himself to make this year its best possible. It was indeed difficult, but they all performed in great style.

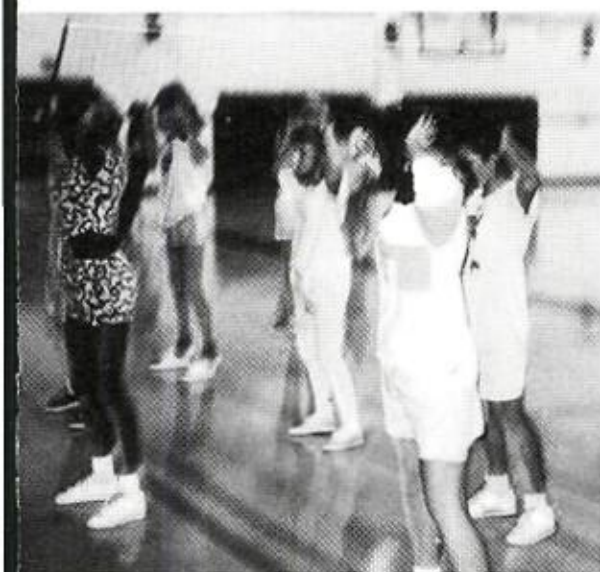

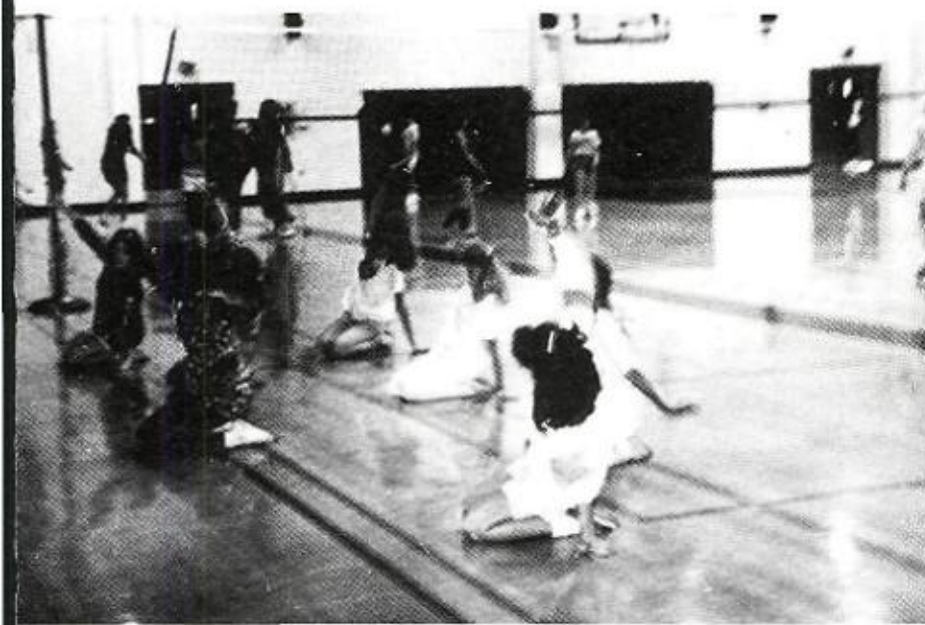

1. The orchestra plays at Christmas concert. 2. The ch watches the orchestra play th songs. 3. Both orchestra and ch perform magnificently.

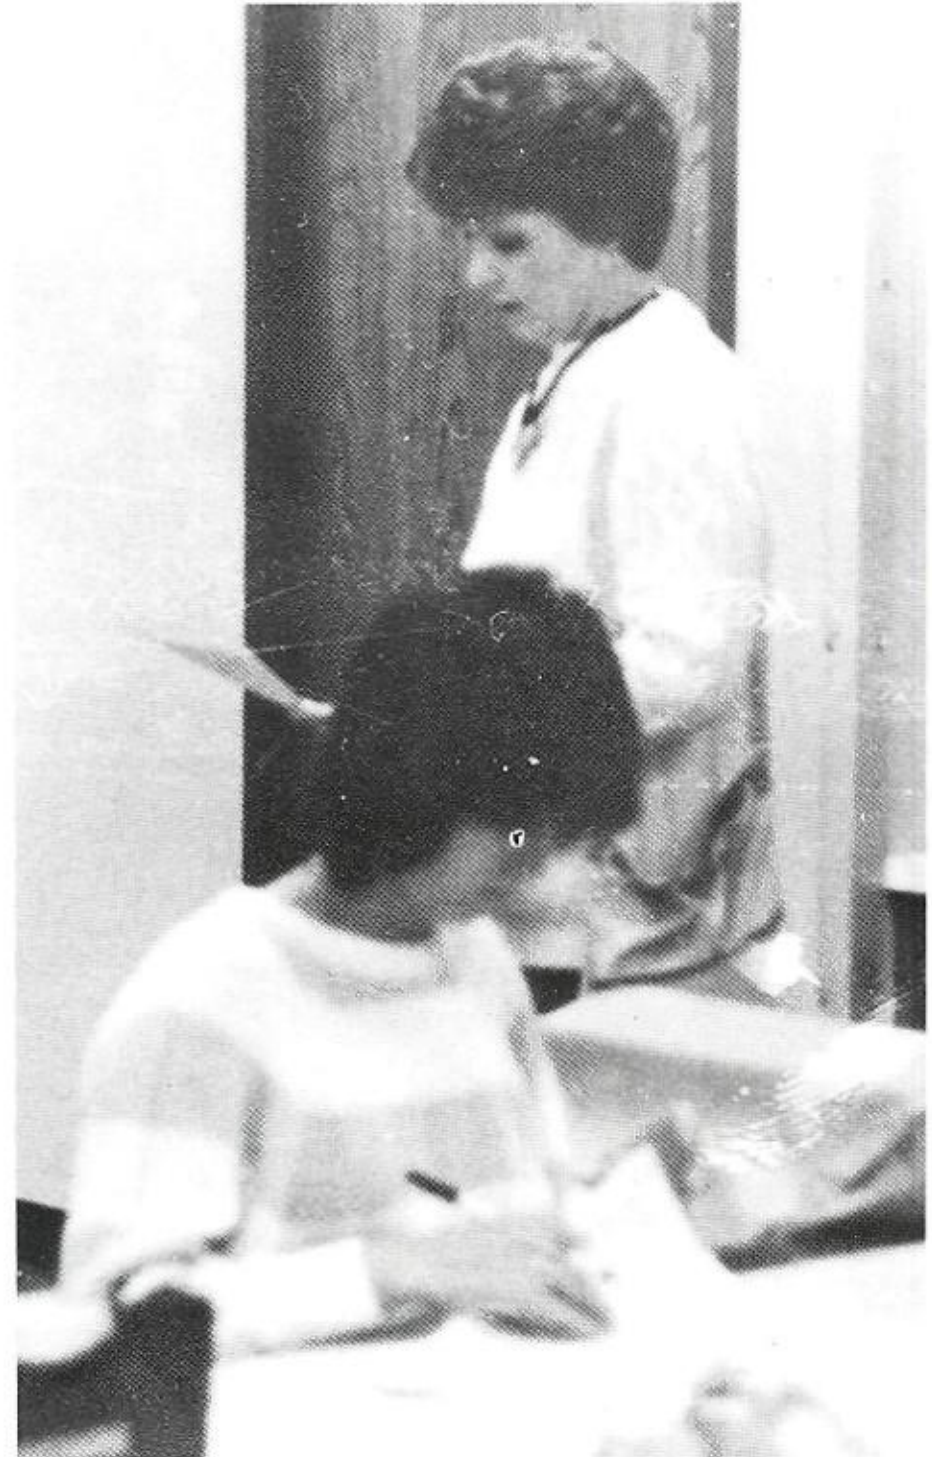

P.E. is more than fun and games

P.E. not only teaches exercises and games, but also good sportsmanship. It is a good place to meet new friends and learn new sports. In P.E. you do physical fitness, play volleyball, basketball, Ping pong, baseball, do jazzercise, and more. This is a class most students enjoy attending.

Everyone watches as Dorianne Markle bumps the ball. 2. 4th period girls practice for drill team routines. 3. Here's a sneak preview of the future Gold dancers. 4. A player gets ready to receive the ball.

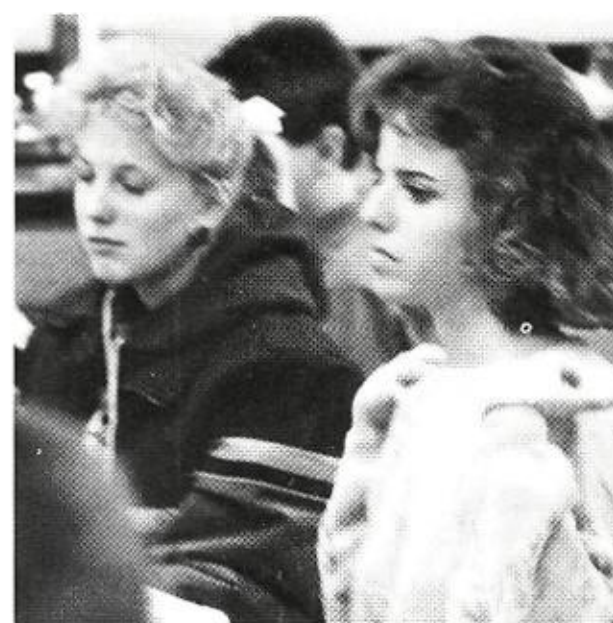

OFFICE AIDS "The Back Up Crew"

Students who have met their graduation requirements without a full course load have had the opportunity to serve as aides. Aides help for a semester with assistance being needed in the office and library. For their efforts, they receive no grade or credit, but most find their responsibilities challenging and educational.

Office aides collect attendance slips, deliver messages and assist in the office whether it is to help students or the secretaries with their responsibilities. Library aides keep all aspects of the resource material center in order to assist students.

1. Ann Akin takes a break during 6th period. 2. Mrs. Marilyn Banks proofreads Jessica Lunden's typing. 3. Phillip Burch attempts the task of buttoning Jana Adams shirt sleeve. 4. Patricia Tucker enjoys the *New York Times* during 6th period.

SCIENCE DEPT. "Science At SHS"

Science, a very fascinating class, is required at SHS. Studying science, students learn about life from basic compounds of nature to more complex life forms. Some of the challenging classes include Biology II, Physics, and Chemistry. Science courses help students learn more about living and non-living organisms. Students learn laws of energy and the study of motion and matter.

The responsibilities of science courses are dissecting, conducting, laws, keeping a notebook, conducting experiments, and taking notes. Science offers Biology I, Biology II, Physical Science, Physics and Chemistry.

1. Mrs. Melody Meredith works hard while her students are at lunch.
2. Karen Rea and Mindy Joyner find it difficult to pay attention in class.
3. Gary Cooper contemplates the meaning of life.
4. Jamey Manning works hard while Darla Miller and Lucrecia Milam take a nap.

The Vocational Experience

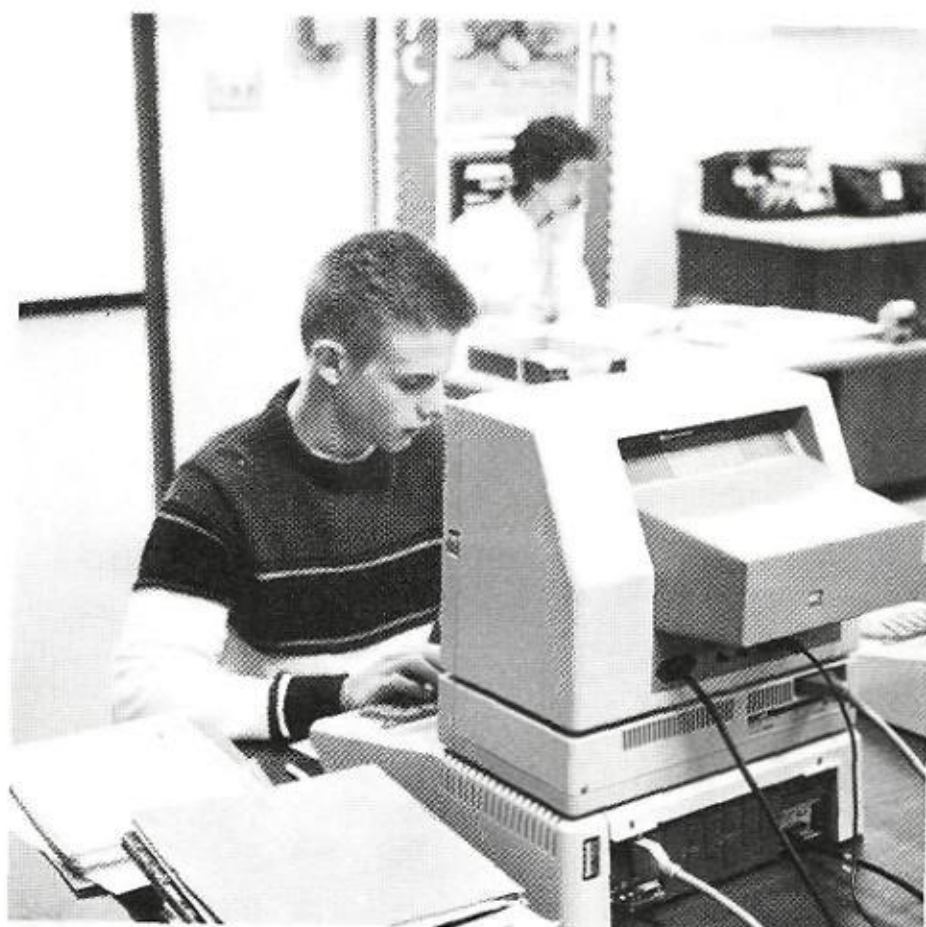

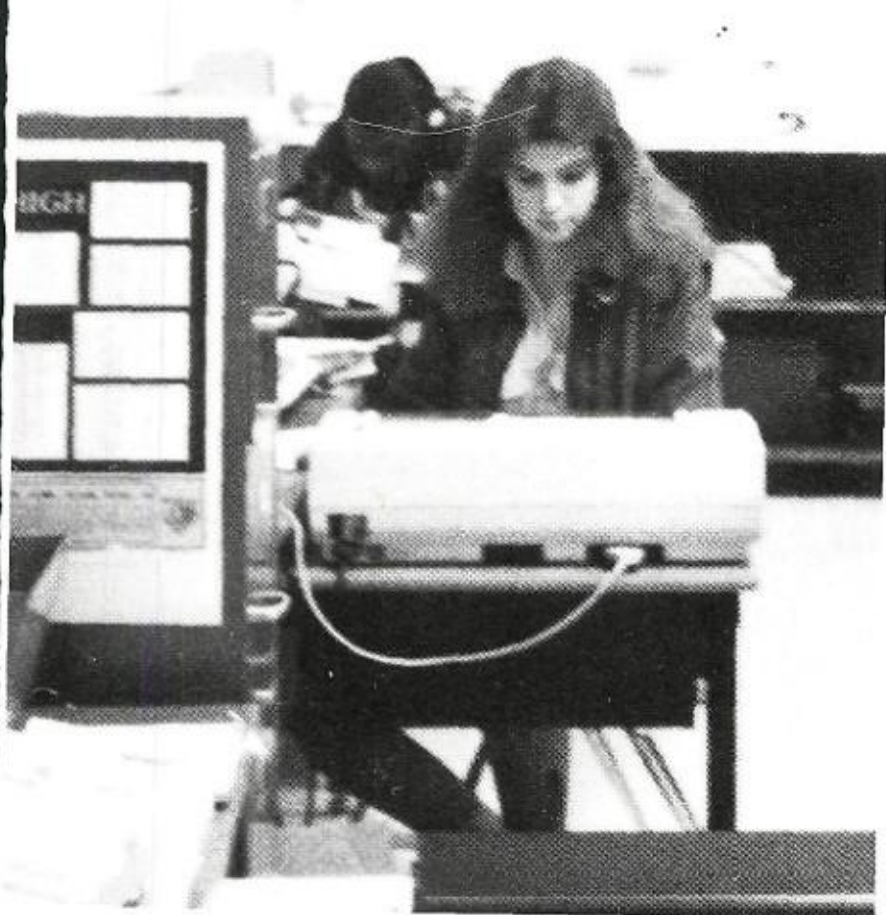

Mr. Jack Anderson served as the director and counselor of the 1986-87 vocational department. The purpose of the department was to teach and develop marketable skills to students taking the vocational department classes. These classes were cosmetology, word processing, drafting, electronics, auto mechanics, building trades and agriculture courses. Cooperative courses included marketing, office, health and home economics.

These co-op classes studied the theory of those skills on the job in businesses and industries in the community. Mr. Anderson said, "Vocational education is a paycheck education."

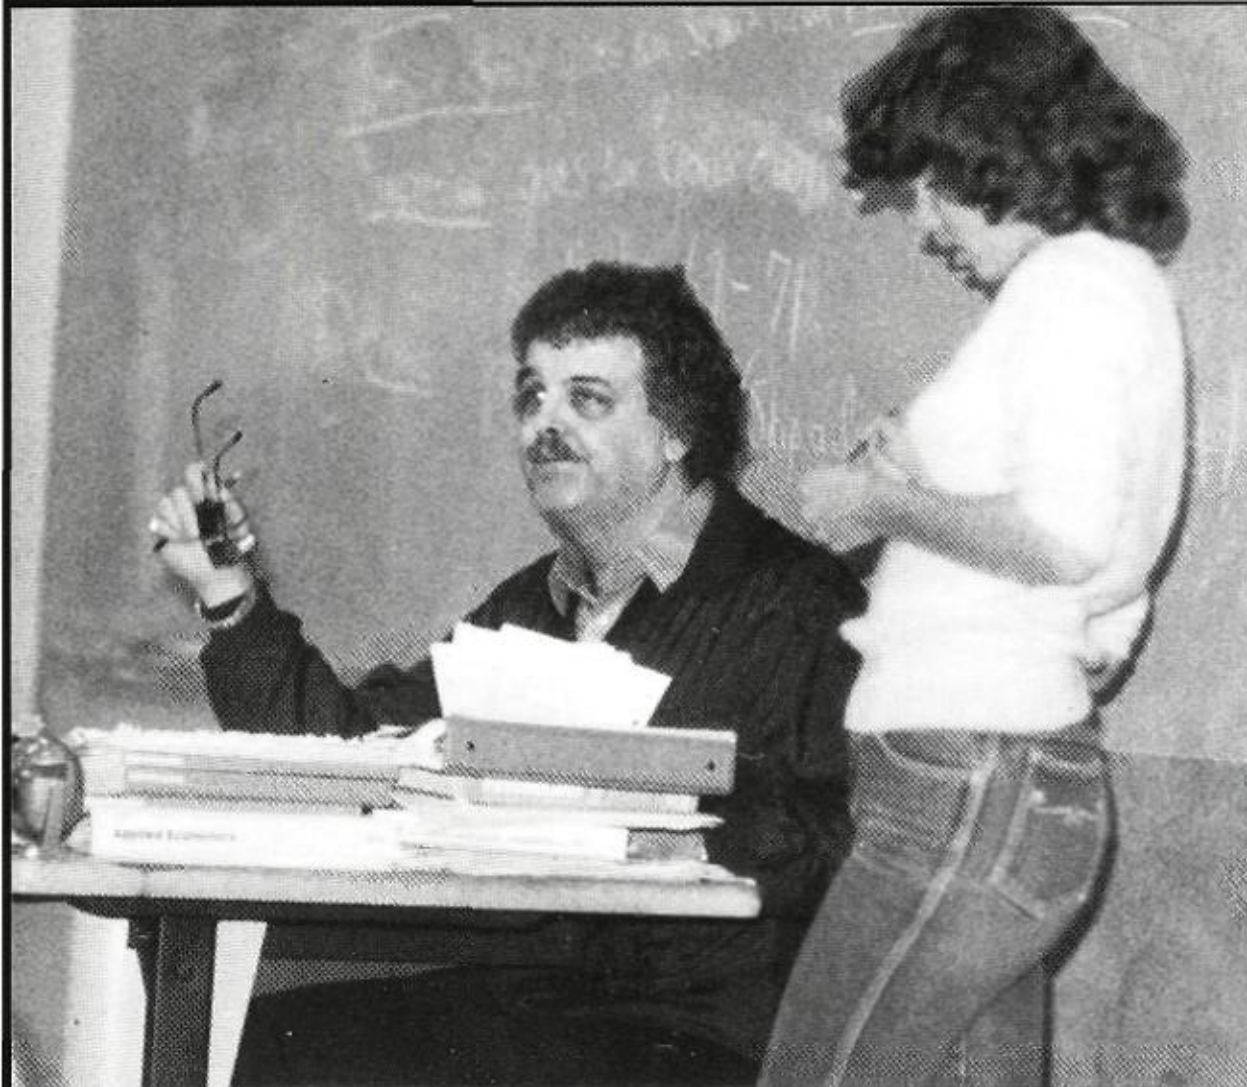

1. Mr. Ken Case explains how it's done to Ronnie Price. 2. Mrs. Susan Beree helps Lina Dunlap with her assignment. 3. Students work hard during class.

1. John Cameron works very hard in metal shop. 2. Gina Marr hurries to finish her work before the bell rings. 3. Jeff Gibson studiously runs his new program.

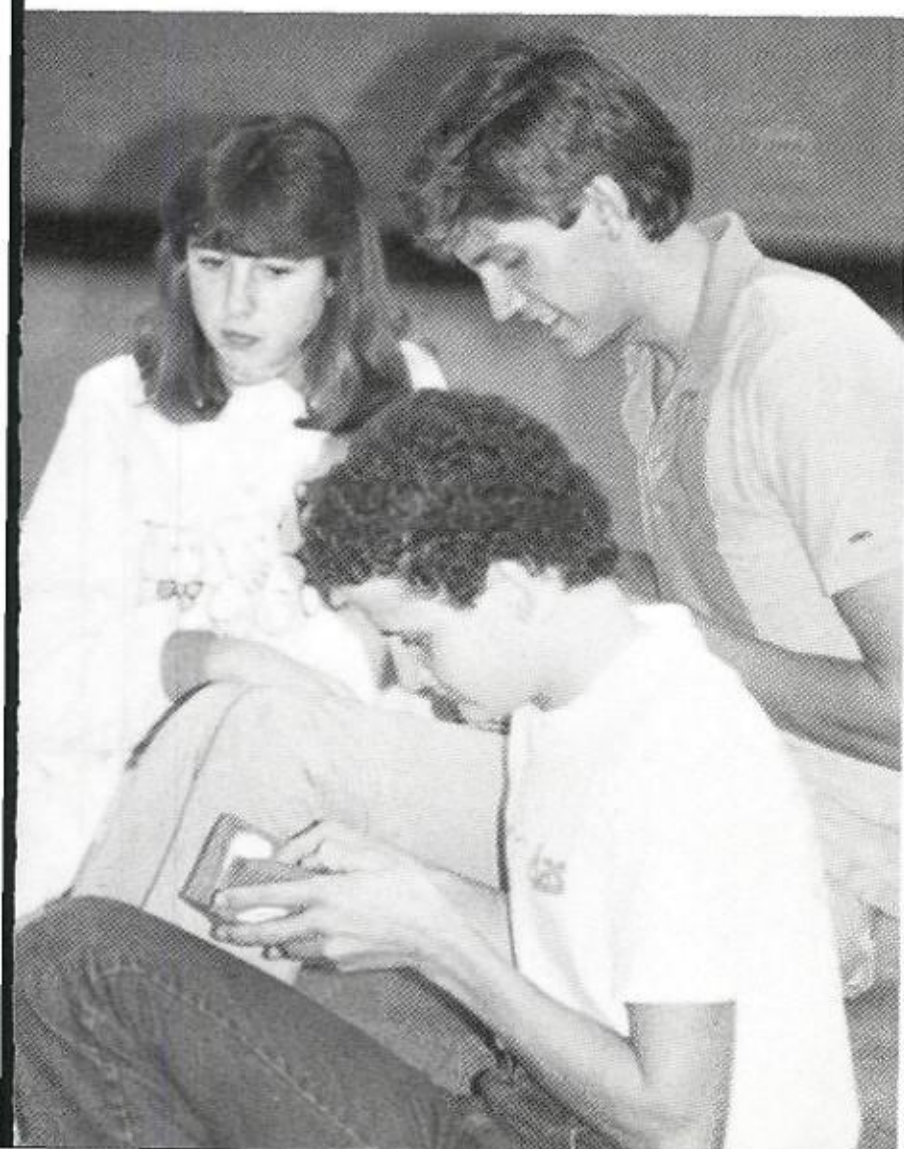

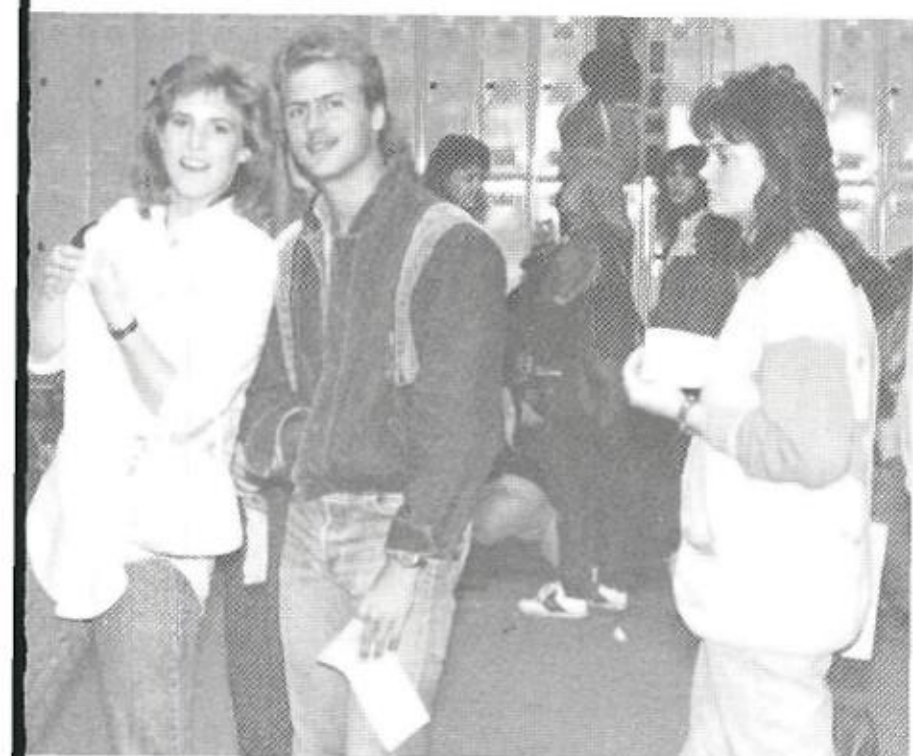

ALWAYS AN INTERESTING SUBJECT

"G'day mate!" With the emphasis on Australia, this became a popular phrase throughout Sherman High School this year. We exchanged letters with our sister school to learn about other countries. We learned about vegemite sandwiches and the different groups of people in the Australian school.

The history department is headed by Mrs. Linda Hayes. She said that this year there would be a display of posters and such from history students at the central office of the Sherman Independent schools. She also commented on the history department as being a place where "every student will come because it is a required subject. Some students may never go down the art wing but every student will be down the history wing."

1. Mr. Pete McGee explains to Angie Andrews how to do an assignment. 2. Russ Sloan hides his eyes in the hope of not being seen. 3. Miss Gene Loop tries to answer a question for Kyle McDaniel.

1. Angie Pettit, Libby Vaughn, Courtney Graber, and Katie Watson do unusual poses. 2. Cindy Campbell, Dale Marable and Sheri Carnahan wait to order their caps and gowns. 3. JUST THINKING

The other day
 I was just thinking about us
 We're all so close
 Like a family
 Inseparable
 We cry together and we
 Laugh together
 When one hurts
 We all hurt
 One for all and all for one
 That's the way it is
 We are special,
 Different from the rest
 No popularity groups
 Just everyone.
 I was just thinking about us
 The other day
 To Homecoming, cold football games,
 Parties, and to graduation
 We've grown up
 Everyone told us that we'd eventually
 Want to go back — how little did we know
 Boundaries will separate us
 We will all change
 Going our own ways
 We are like one
 You all have given me so much
 This year, I hope that you will
 Always remember as I do
 That very special year.

MY FRIEND

You gave me strength
You gave me hope
When I felt down
And could not cope.

You built me up
You helped me see
That there could be
A stronger me.

In little time
We had, I knew
That I could trust
And believe in you.

You lifted me up,
I could see you cared
You listen to the
The thoughts I shared.

Your kindly ways
Your gentle touch
They mean a lot,
They mean so much.

You're with me now
more every day
In all I do
In every way.

LOVE . . .

Love is a certain kind of thing
that is so very rare,
The certain kind of thing you give
to someone who really cares.

To someone who likes you for your looks
but mostly for your mind,
To someone who gives you everything
but most of all his time.

To a guy that'll send you a card
when you didn't ask him to,
To a guy that does a lot of things
he doesn't have to do.

To a man who'll tell you how he feels
and when in pain will cry,
To a man who's not too proud to say
he'll never say good-bye.

To that special lovely person
who never requests too much,
To that special lovely someone
who has that very special touch.

So I guess you can see the reason why
I've never been in Love,
'Cause no one has ever fit the picture
I've painted up above.

REALITY ?

As you throw it all away
Thinking who cares in this
crazy world,
People tell you what to do
But take away your rights
When you do what you think
is right.

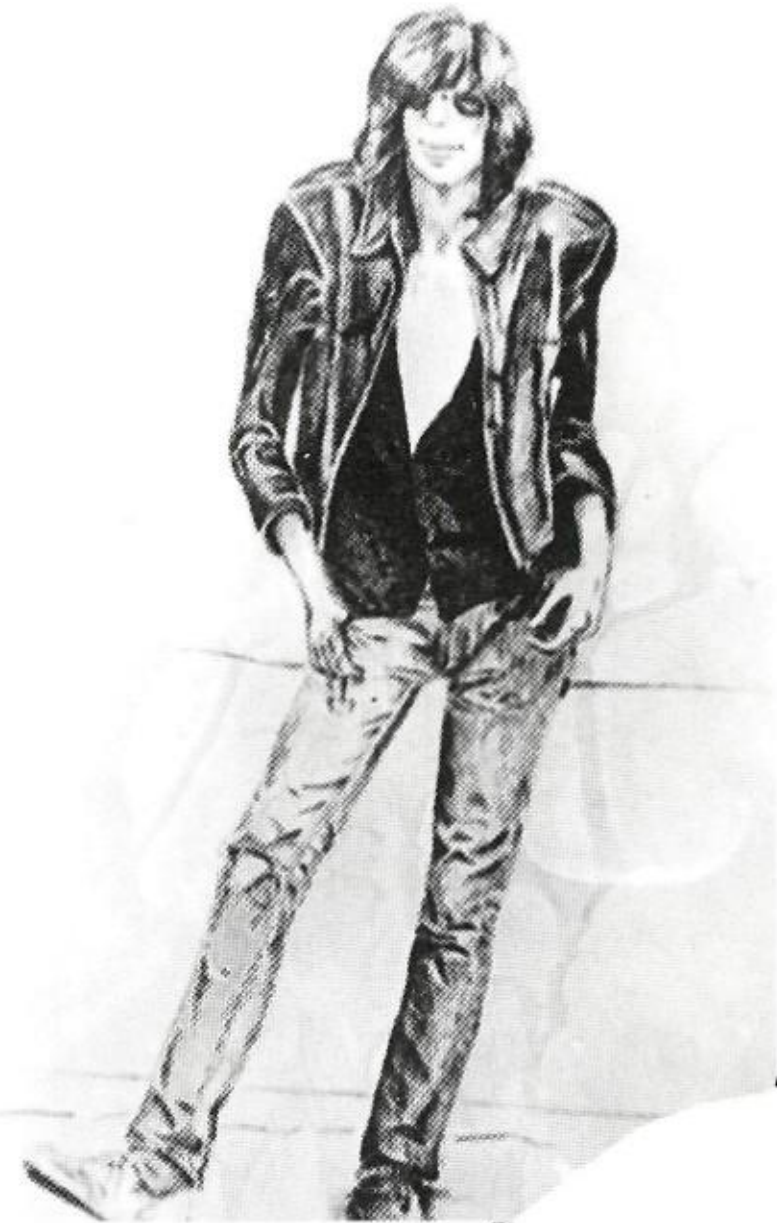

Your high emotions reach an
all time low
As tears touch fears
That control the mind.

As you sit and count the
doorslams
As you have done so much
before
You dream of dancing through
the mists of a fanciful
world.
But when you try to talk your
words are falling to
the floor.

As you walk along the slow
trail to insanity,
You hear love whisper scoldingly
at your death.
Through all the while
Rainbow colors circle round
in this dream world you call,
REAL

To become a member of NHS, you must have a 4.0 grade average, and have taken 10 honors classes.

Officers of 1986-87 are President, Pat Kinder; Vice-President, Raquel Olivares; Secretary, Michelle Hagy; and Treasurer, Curtis Hall. Michelle Hagy was the NHS Homecoming Queen nominee.

The International Thespians Society is a club of both theater and drama members.

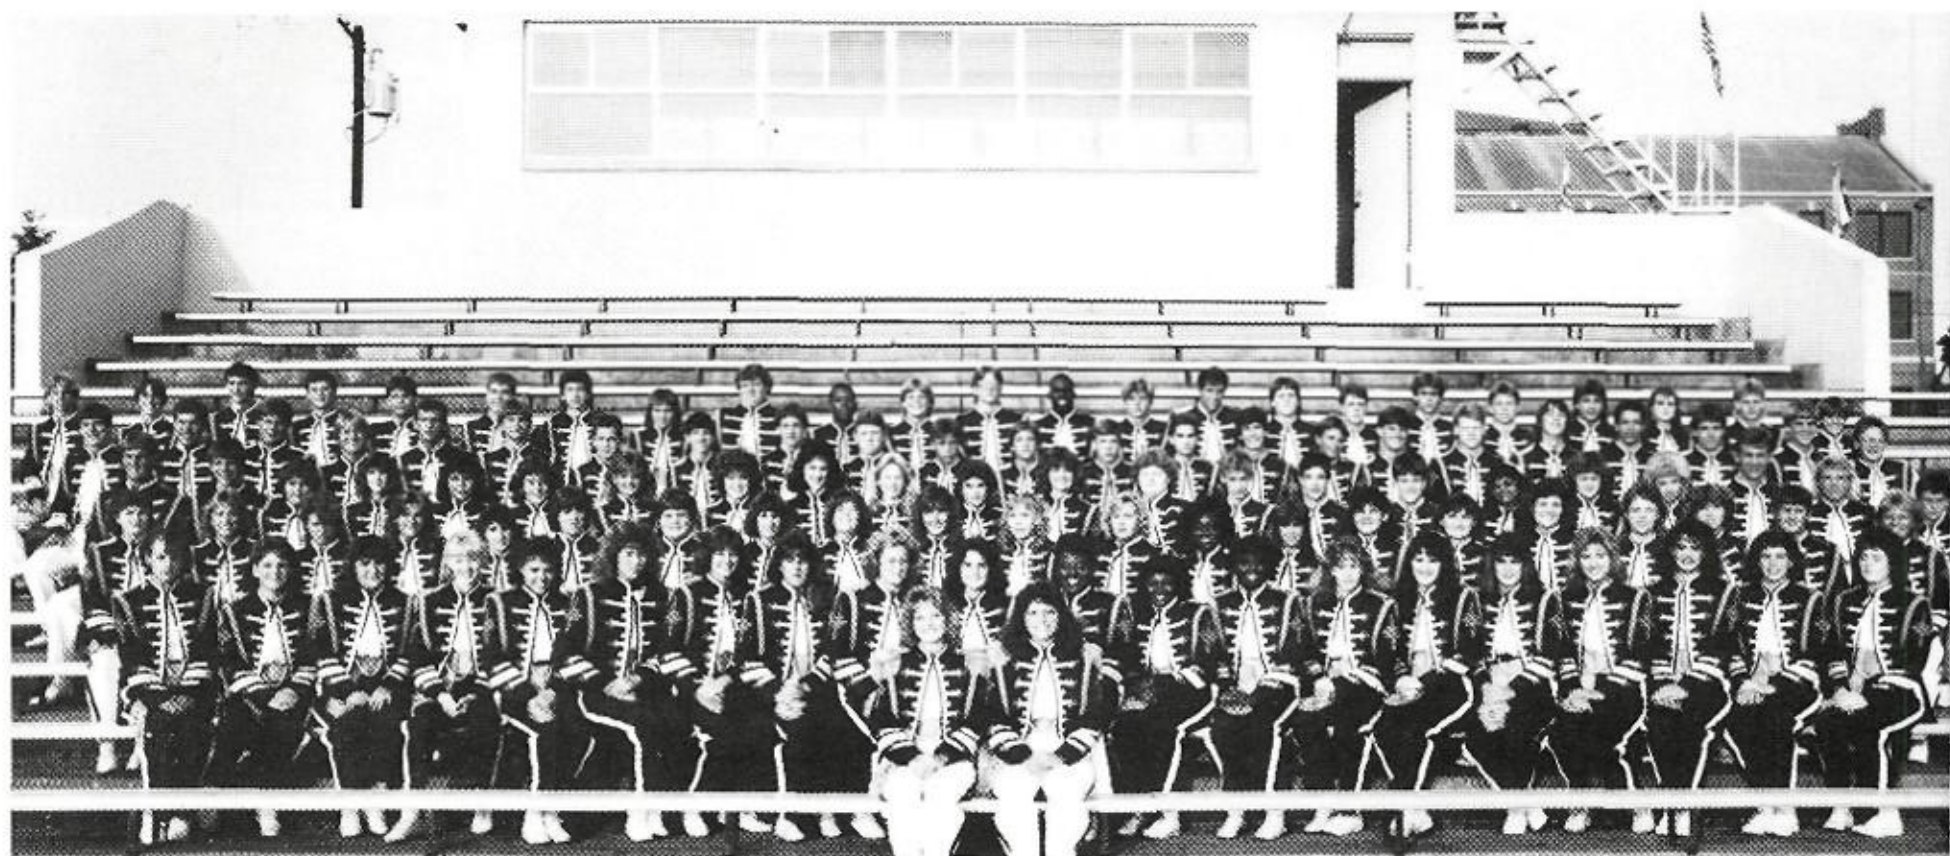

Thespians gave students the opportunity to experience things both actively and objectively through on-stage work. The members are encouraged to participate in acting and theater. They portray roles on stage, view plays, and work on various technical tasks in theater. These are a few of the things that the Thespian club does during the year.

The club members participated in the production of Tom Jones for the United Interscholastic League one Act Play.

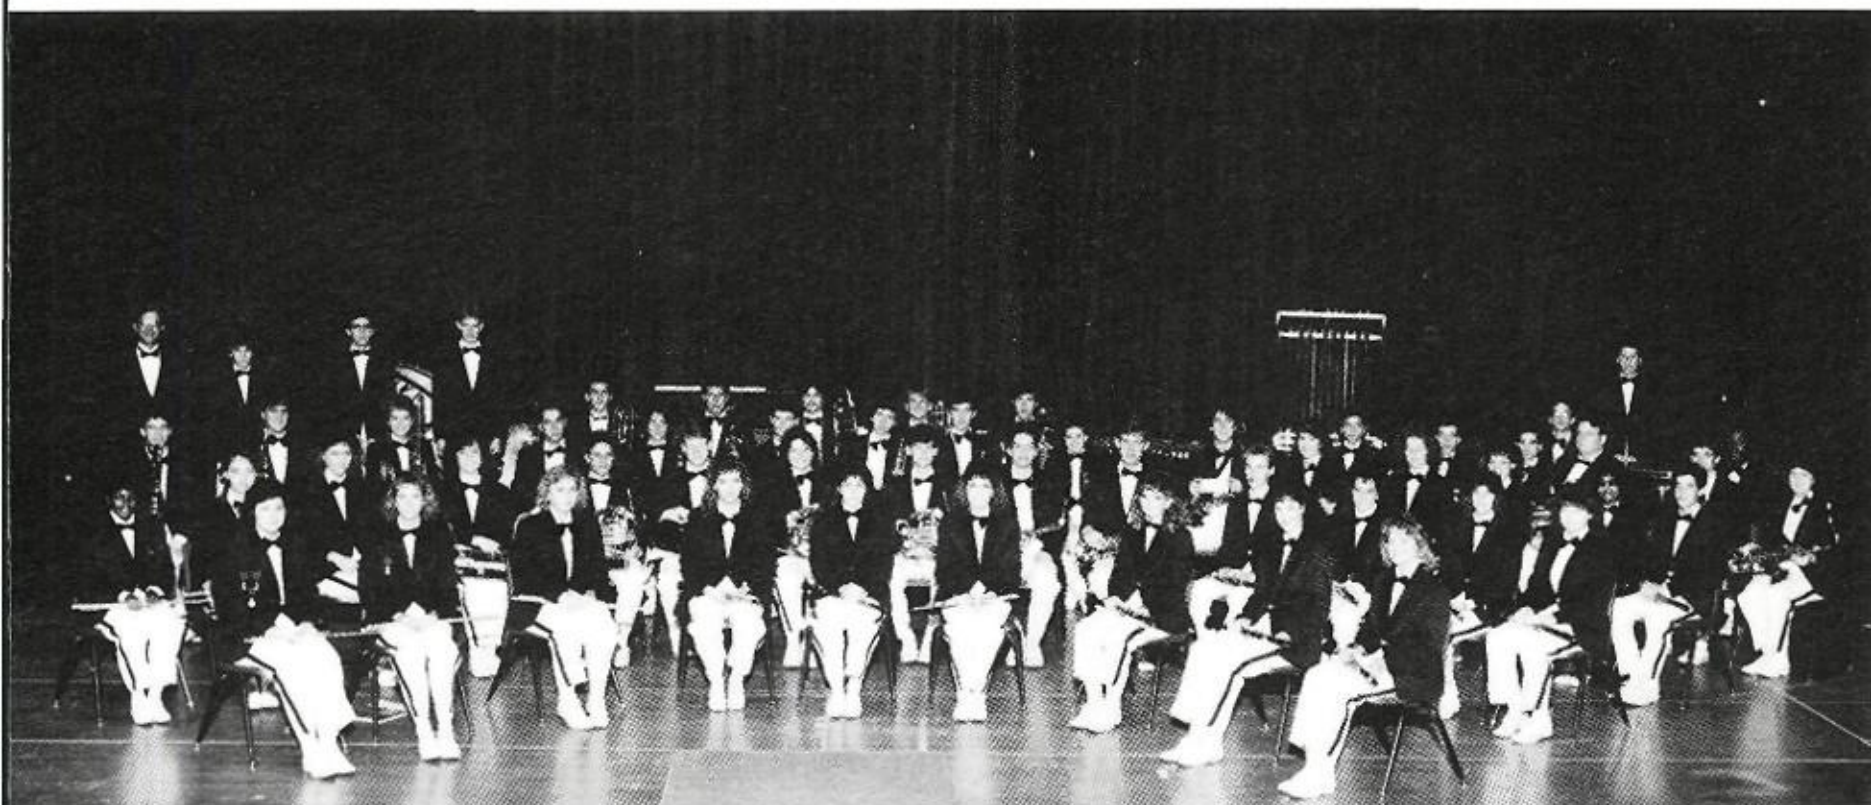

Thespian officers are President, Wendy Mitchell; Vice-President, Robin Goodpaster; Secretary and Treasurer, Kristi Friend.

It takes, among other things, dedication to be a band member — long, grueling hours in the heat, shivering mornings in the icy cold wind. The band, through rain, sleet, snow, and dark of the night always comes through.

During marching season, the band works on marching shows for halftime entertainment. The marching and playing add up to an exciting show accented by features from the Flag Corps.

After football season is over, the band concentrates on their playing skills. The band is broken into the Symphonic and Concert bands, and students prepare music for U.I.L. and other concerts.

The highlight of this year was the trip to the Fiesta Bowl over the Christmas holidays. The band enjoyed fun times and parties with the other visiting bands in Phoenix, Arizona, and experienced the thrill of being in a live, televised parade.

Something to Sing About!

The choir is a fun and exciting department. There are three different choirs all together. They are as follows: A Cappella Choir, SHS Singers, and One Voice.

All the choirs do a number of performances throughout the year. Some choirs perform more than others. This gives everyone a chance to experience stage jitters. These performances tend to bring people of the group closer together, and for those "hams" in the group, it's a lot of fun.

Choir is a fun course, yet it can teach you a lot about life. Mr. Gohlke, the director of all the choirs, brought out that "Choir is a creative outlet at a time and in a world so scant in such, but choir is also an instructor which teaches that detail just may be the essence of life itself."

ORCHESTRA ASPIRES TO NEW HEIGHTS

The single note fills the band hall as the sound of the orchestra tuning their instruments to the A-sting of concert mistress, Amy Roberts, reverberates through the air. Although it would seem that the transition of conductors to Mr. Robert Penhall would cause a setback, he has taken charge of the class very well. Melody Hayes, violin player, says, "Orchestra is a lot of fun, and we're getting a lot more accomplished this year because of

Mr. Penhall than we did last year." Staci Mantooth, viola player, describes Penhall as "an easygoing and easy-to-get-along-with guy, who has taught us a lot in a short amount of time." While the orchestra is perhaps the least acknowledged of the musical groups at SHS, the members are deserving of recognition for their marvelous renditions of classics, the final product of many hours of hard practice.

1. Becky Ellis concentrates on her music. 2. Michelle Heitman, Jerilyn Banks and Duran Ferguson practice for an upcoming concert.

Young Talent Exhibited in Art League

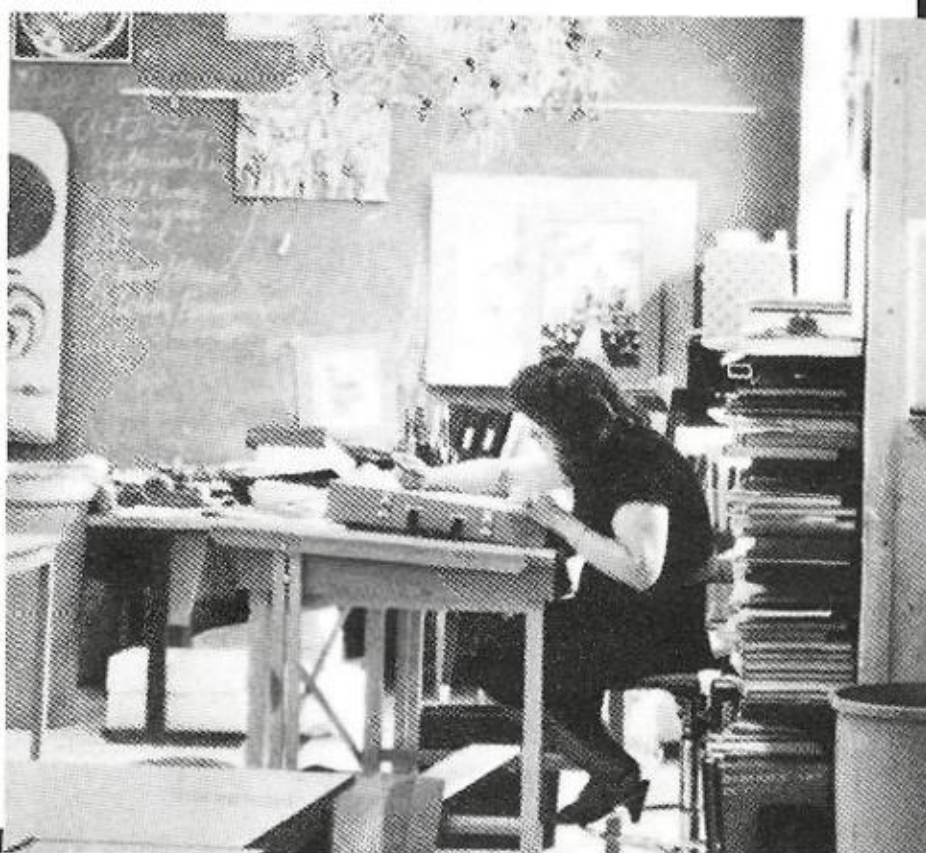

Sponsored by Mrs. Mary Hensler, the SHS Art League is a club dedicated to preserving and enhancing the artistic creativity that its members demonstrate.

"It's a very educational club because we learn new art techniques," says senior Crystal Robertson. Chris Hayes, also a senior, points out, "Art League is a club where we can each express our individual artistic abilities and ideas." "Art League is where we can state our feelings and be recognized," JoAnna Dollarhide agrees.

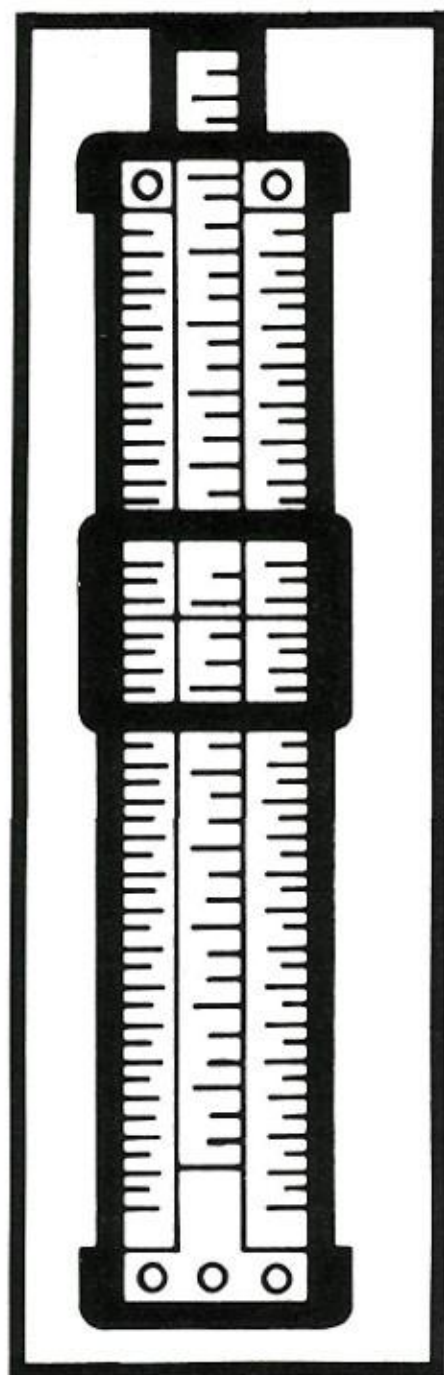

Art League allows its members to create out of their own minds as well as drawing creatively from the works of others. They are also able to learn about and experiment with several different artistic mediums, which increases their understanding and appreciation for art as a whole.

MU ALPHA THETA ENLIVENS SCHOOL Christmas tree brightens season

A club for seniors that creates a greater understanding of math, as well as enjoyment of the subject is Mu Alpha Theta. Formed to promote scholarship and encourage the study of mathematics, its requirements are these: one must be a senior who has completed three years of math courses and working on his/her fourth.

The club's main service to the school is to provide us with the Christmas Tree that annually adorns our cafeteria.

Proudly, Venu Menon displays part of the unassembled tree.

The Junior Classical League, also known as Latin Club or JCL, is a club for those with an interest in Latin. While they need not be in the class, the members must have been involved in at least one year of Latin, which is taught by the club sponsor, Mrs. Anna Hinkle. JCL participates representatively in Latin competitions throughout the year. The best of the students are selected for the Ceramen Club, which goes to compete on behalf of the school.

PASF — The Spanish Experience

Cultural experiences and having fun were what the Pan American Student Forum (PASF) was all about. Mrs. Hudgins, the PASF sponsor, said the main goal of the club was "to get students that take Spanish together to learn something about the Spanish culture."

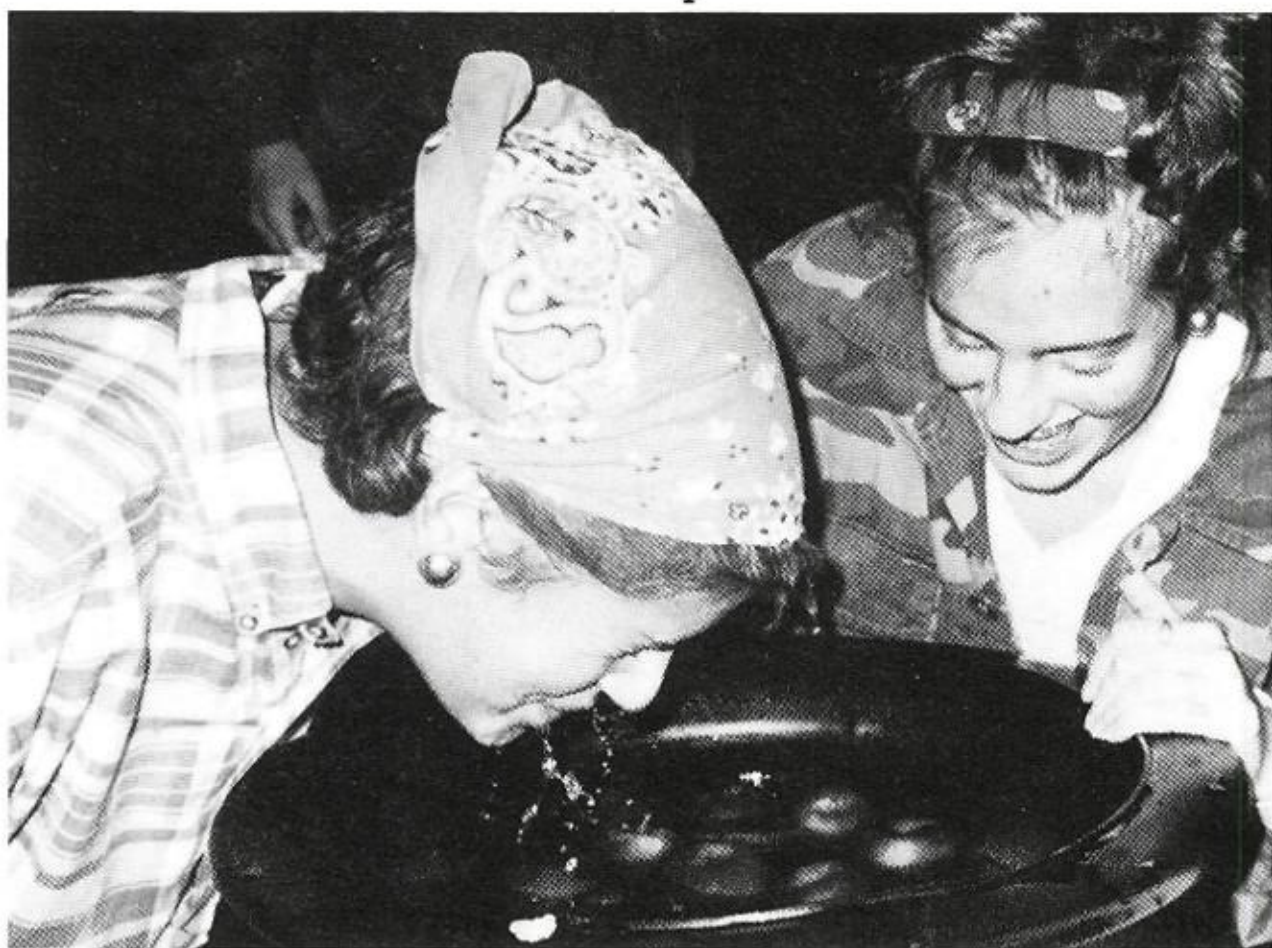

There were about seventy members in the club. In their meetings, they usually tried to plan activities that had something to do with the Spanish culture. One thing they did was to have a piñata at their Halloween party. PASF also sponsored any members who wished to attend the Foreign Language Weekend at Austin College where they competed in many different areas of Spanish.

This year's officers were as follows: President, Chad Oakley; Vice President, Michele Matlock; Secretary, Sue Webb; Treasurer, Sarah Dannel; Reporter, Jon Marshall; Homecoming Queen Nominee, Michele Matlock.

The French Club — How Chic! Parlez-vous franais?

The French Club of 1987 had many exciting and fun learning experiences during the year. The members consisted of students who were enrolled in a French class or who have studied French in the past. They joined together to explore the beauty of the French language and culture.

The group attended various meetings to decide on activities to be scheduled. One of these activities was a progressive Christmas dinner held on Decembre (December) 15, to accentuate the festive spirits with a taste of French cuisine. Also, the members listened intently to guest speaker Dr. Richard Tappa, from Austin

College, as he spoke during a spring meeting. The club members were noticeable to the entire school when they wore their exclusive t-shirts saying, "Parlez-moi; j'embrasse français". A senior member, Kelli Wilson, was caught saying, "I love the shirts. They're cool." To end the year, the club held a banquet at the Red Lobster in Plano.

The club was sponsored by the lovable Madame (Mrs.) Gohlke. The officers were as follows: President, Tom Schenk; Vice President, Rob Butler; Secretary, David Gibson. The Homecoming Nominee for the club was Wendy Lynch.

2

Math and Science

The Math and Science team is made up of qualified students at SHS who do exceptionally well in these two areas of study. They participate in area contest, where they work on their individual skills, such as calculators and number sense.

They attended contest at several different high schools around Sherman. They visited Keller High School, East Lamar High School and South Grand Prairie High School.

Mike Calhoun and Kirk Grynwald were named as two top performers in their categories.

The 1986-87 Math and Science team members were as follows: Mike Calhoun, Kirk Grynwald, Les Jackson, Julie Greiner, Paul Scheibmeir, Curtis Hall, Russ Sloan, Usha Subramanian, Mollie McGahnen, Tom Schenk, Amy Jones, and Patrick Good. Other members were Audrey Mask and Tonya Craddock, and Renee Davis.

Getting ready for contest is not an easy job. It takes a lot of hard work and an eagerness to learn the ropes. The team is sponsored by Mrs. Mason and Miss Butler.

SHS Club Has More Than Just Spirit

Put together Miss Loop, Mr. Anderson, Mr. Scott, Ron Rogers, Mrs. Hensler, the Home Economics department, twenty-four hard-working kids, and a multitude of toys, and you've got the SHS Club.

SHS stands for Students Helping Sherman, pretty clever that SHS also stands for the name of our school! This group gathered money, old and new toys, and food to give to the Salvation Army at Christmas time.

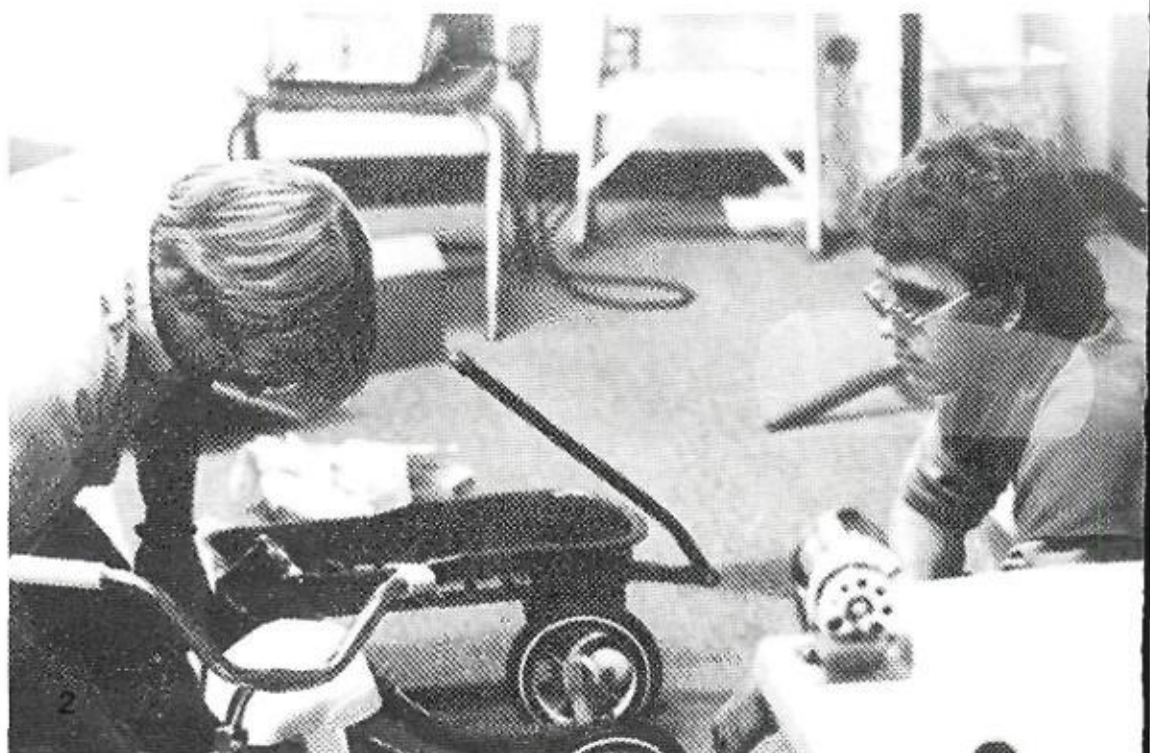

Before school started, Miss Loop, Mr. Anderson, and Mr. Scott made cradles and rocking horses for needy children to have at Christmas time.

In the fall, the art department helped with the cradles and rocking horses by painting them, and the Home Economics department made bedding for the cradles.

The SHS Club also decorated the Bearcat Stadium for all home games, decorated the parade route for the Homecoming parade, and rode in it. They also made signs to put in student athletes' yards as a fundraiser. This group was truly working for a worthy cause.

NIKE Has Exciting Year

NIKE is a service organization for junior and senior girls. The name comes from the Greek Goddess, NIKE. The mother organization is the Business and Professional Women's Club. The meetings were held at school and at different member's homes. Hayrides, fundraisers, and a Christmas party were included in this year's activities for NIKE. The NIKE officers for the 1986-7 school year were:

President: Lyndy Anderson
 Vice-President: Stephanie Gray
 Secretary: Missy McAllister
 Sponsors: Mrs. Betty Bledsoe
 Mrs. Mary Roy

Student Council

The Student Council is a group of elected students who work not only for the benefit of the students but for the teachers as well. The council is set up to promote a proper student-faculty relationship, give students a means of expressing their ideas, and give them responsibility and leadership in some school functions.

In the last year the Student Council has raised money for school functions, charities, and plays a key role in making SHS a happier, more satisfying place to work. "Student Council has been a fun and important part of my years at SHS," said Amy Robinson, council member. Led by Mrs. Gholke, the Student Council has turned into a well-oiled machine, a machine we owe many thanks to.

To be on the Spirit Committee you must be willing to work and meet goals set by the student body.

Without the Spirit Committee no signs would be painted, no cookies made, the gym would be bare during pep rallies, and the football team would not have any signs to break through!

This is a very hard-working and special group of people. They have all set aside many hours each week unselfishly for their fellow classmates.

1987 Athenian Thrills Students

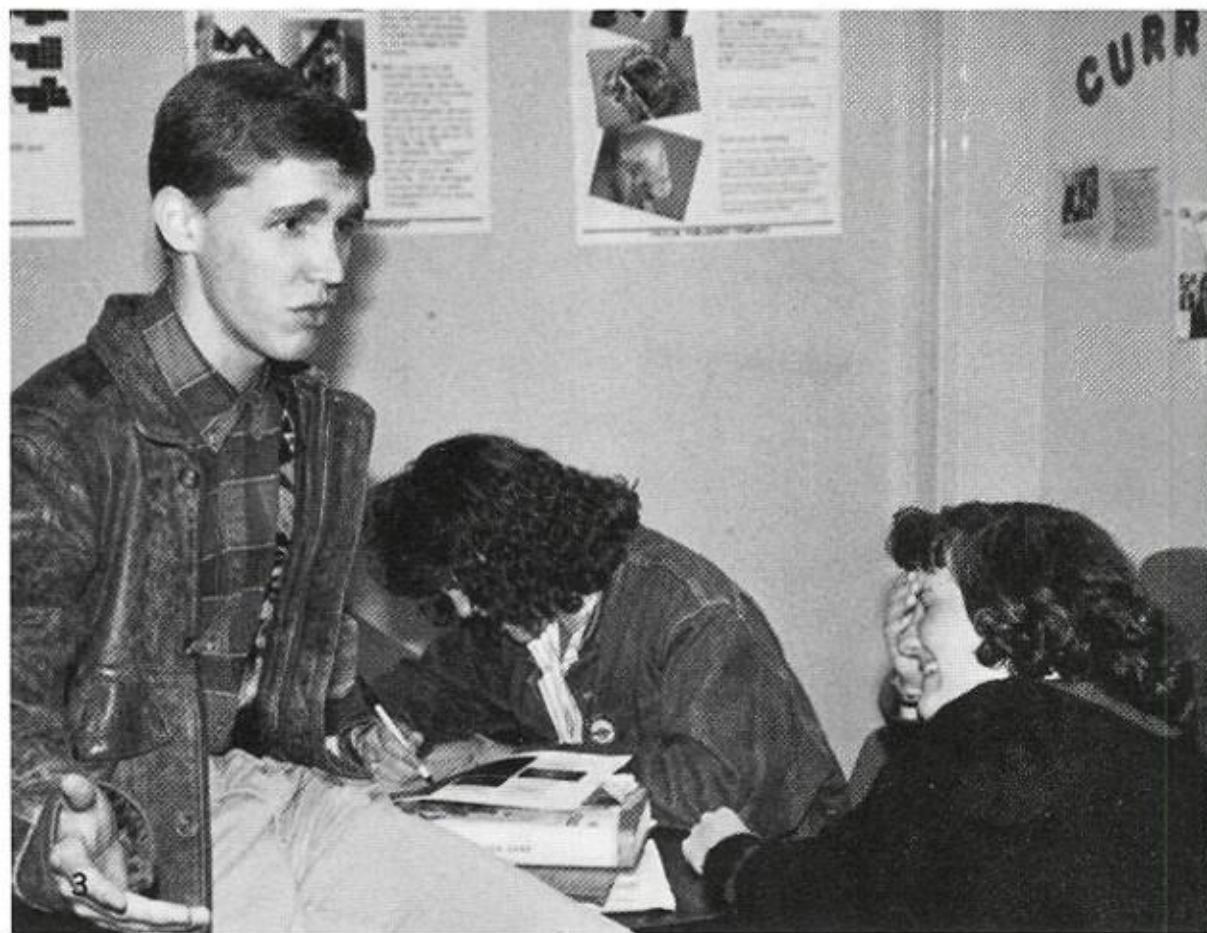

The 1986-87 *Athenian* came as a surprise to students. Its grey cover stunned them, full color endsheet amazed them and the spot color delighted them. No one asked how it happened or even why. They were just glad. The 1986-87 *Athenian* Staff stood in the background and received no praise.

Students don't care about how the yearbook gets to school or about who brings it. They only scream when it is late. The students give no thought on the time and energy put into every page of this book.

The *Athenian* Staff gets the blame for anything wrong, but if it is a great book they get no praise.

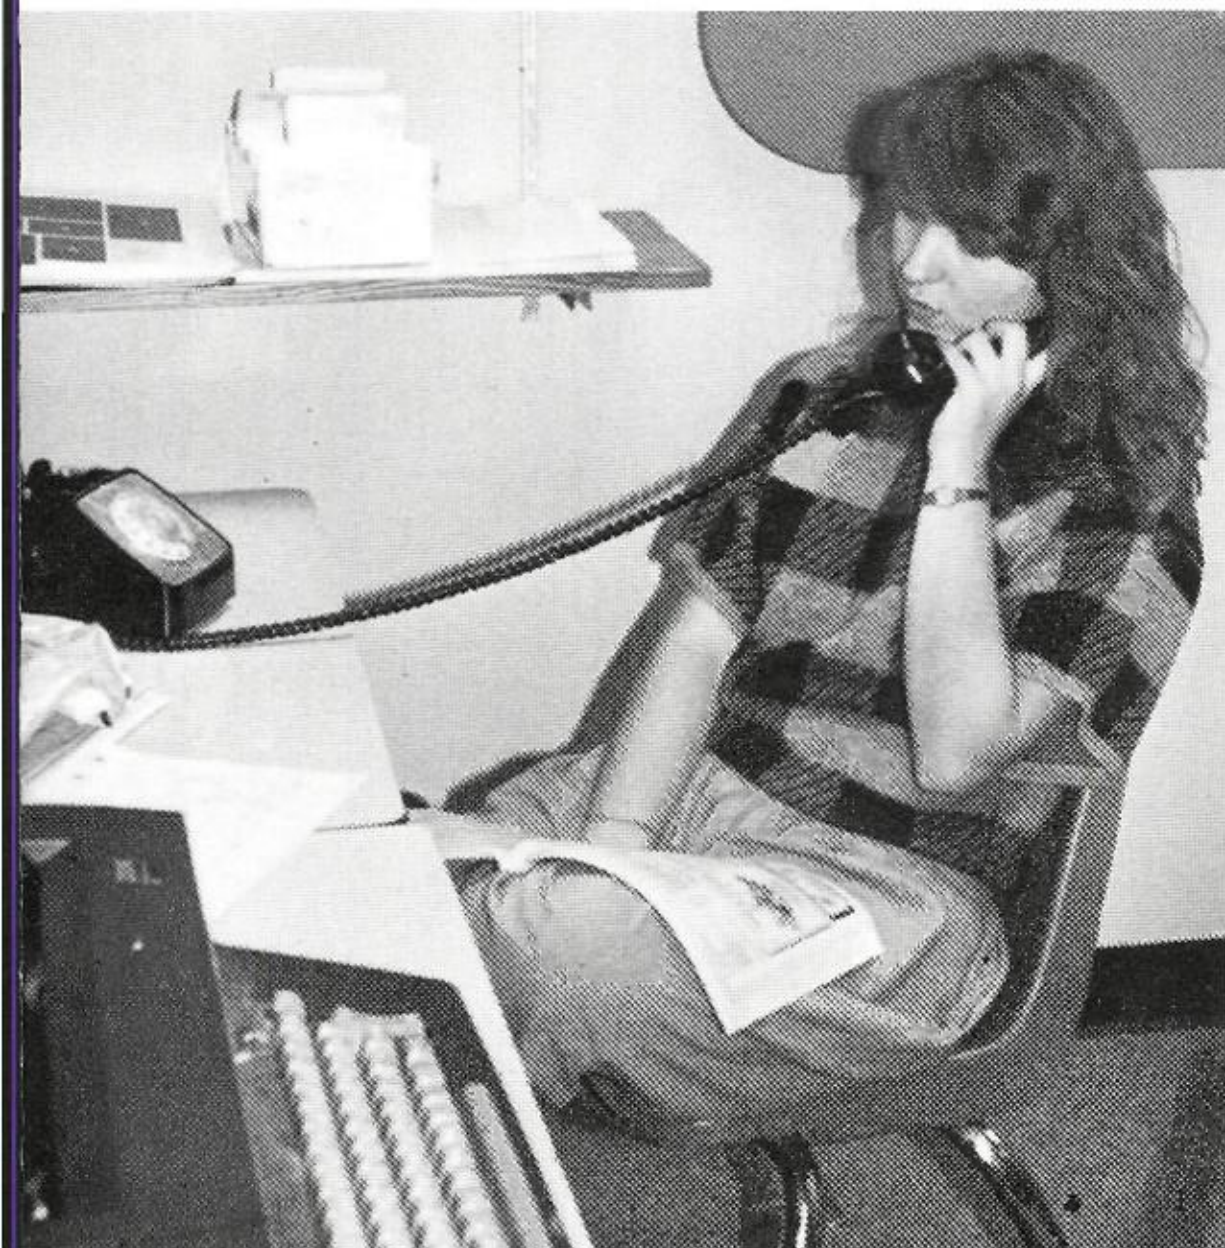

This is a yearbook that will be cherished by all Sherman High students of 1987. A look behind the pages tells the real story of the 1986-87 *Athenian*. Headaches, arguments, screams, deadlines, meetings, long hours, pictures, stories, pressure, dedication all adds up to one thing: **HARD WORK**. Hard work which is the underlying meaning of every page of this book. "Hard work contributes to the success of this yearbook and gives a sense of reward," stated, Kurt Meglan, staff member.

"Yearbook is very challenging, not only on ability, but also on the nerves," is how Ad Manager, Matthew Day, summed it up.

Have you ever wondered how teachers got started in their profession? They were probably in a group like TAFE when they were in high school.

TAFE stands for Texas Association of Future Educators. Members of TAFE would meet at different houses on the third Tuesday of every month. The purpose of TAFE was to learn about the teaching profession and maybe get a scholarship.

This year TAFE threw a Christmas Party for the crippled children. The officers made stockings and cookies and gave them to the children.

The officers were: **President** — Tiffany Williams; **Vice-President** — Raquel Olivares; **Secretary** — Michelle Hagy.

f it can be built . . . we can build it

Building Trades is a three-hour lab course in which students study and perform skills associated with residential construction. Students spend a portion of their time studying theory and practice in the classroom, then go to the job site and apply these theories to the actual constructional procedures.

Students do all of the hard work in the phases of construction: concrete forms, and footings, wall and ceiling framing, roof framing and decking, sheathing, shingles, insulation, electrical wiring, dry wall, door and window installation, trim, painting, and paper hanging.

Building Trades is available to students in the tenth through twelfth grades who have a natural talent for working with their hands and enjoy working outdoors.

We stand behind everything we sell . . . and that's a promise.

Dear Readers of the Future Generation:

We understand how interesting it is for you to see what life was like in the year 1987. You may laugh at the way life was back then, and are amazed at the way things have changed since then, but there's one thing that hasn't changed. The selection, service and prices at RAINBOW VACUUM WORLD are just as surprisingly good as they were back in '87. Therefore, seek us out and prove that what we say: "Good businesses don't fade over time — only blue jeans do!"

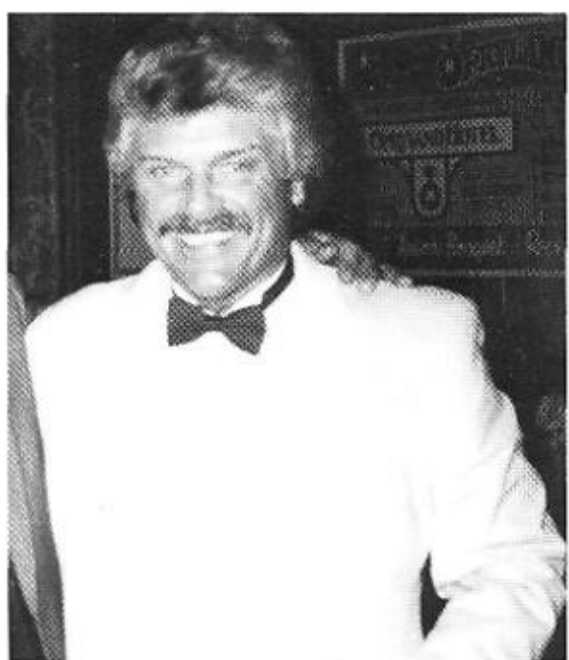

*Sincerely,
Rainbow Vacuum World*
